Nesbitt will sue 'Times' publisher for editorial stand

Anson, Hindon and Minden Reeve Sinc Nesbitt has given his lawyer the go-ahead to launch a libel suit against the Minden Times newspaper and its owner, Jack Brezina.

In an interview Tuesday, Nesbitt confirmed that lawyer E. J. Gardiner of Lindsay was acting on his behalf in sending notification to the Times owner that someone considered an editorial of May 21, 1980, to be libelous.

The editorial focussed on the reeve's actions in allowing a concrete mixing plant to locate on property he owns on the Minden by-pass.

Brezina confirmed Tuesday that he had received the notification from Gardiner, but declined to comment further on the matter.

Nesbitt could give no indication of when the lawsuit might be formally launched.

Glamorgan hires 'local' as roads superintendent

The crisis which erupted in Glamorgan over the hiring of a non-resident for the position of road superintendent, appears to have been ironed out with the hiring of a local person.

Council hired Vince Billings, of Gooderham, at a special council meeting last Tuesday night. Billings will receive a salary of \$14,000 plus benefits to be effective today (Wednesday). He will be on probation for a period of six months.

Problems arose when council hired Edward Bryan, of Keene, to fill the position of road superintendent, June 10. On June 17 a delegation of ratepayers with a petition carrying over 150 names, came before council to protest

Bryan's hiring on the basis that he was a non-resident.

During the confusion that followed, councillor Glenn Graham and deputy reeve Ken Maguire resigned. Graham later withdrew his resignation saying he had been upset by the series of events surrounding the road superintendent problem.

Maguire, although he is still attending council meetings and acting as deputy-reeve, has not withdrawn his resignation and said on Tuesday that he does not intend to. According to Maguire, he resigned for health reasons.

He said he does not have to attend council meetings but has been since his resignation was tabled on June 23.

A batter for the Minden Hustlers shows a little of the concentration that helped lead the team to championship honours in the annual Harcourt softball tournament over the weekend. For more pictures and results, see page 6.

Call routed through Lindsay to local OPP detachment

Fire phones 'dead', resort hall burns

Minden's volunteer firemen took more than 30 minutes to respond to a fire near the village early Saturday morning because lightning had shorted out the fire phone system.

Fire chief William 'Deke' Jackson said in an interview Tuesday that a lightning strike had damaged a junction box behind deputy chief Don Booth's house, rendering the eight phone system inoperative.

The fire destroyed a recreation hall at the Orange

Grove Resort on the old Deep Bay Road just south of Minden, causing an estimated \$18,000 damage to the building and contents.

When the fire was discovered and a call to the fire department brought no response, persons at the scene put in a call on the Zenith line to Lindsay OPP. The call was then routed to Minden detachment and received by Constable Gary Chapman at 5:12 a.m.

Chapman said in an interview Tuesday that he tried

the fire department number and got half a ring and click before the phone went dead. He then called the home of fire chief Deke Jackson and got no answer.

Chapman said he went to the scene of the fire and found that no firemen had arrived. Returning to the fire hall he turned on the cruiser's siren, hoping to arouse the firemen.

When no one came, Chapman drove to the home of by-law enforcement officer, Dick Schell, who put in a call to deputy chief Don Booth. In

turn, Booth called several of the firemen at their home numbers and, along with his son, drove the pumper truck to the scene, arriving at 5:40 a.m., according to Chapman.

Jackson disputed the time however, saying he and others arrived on the scene at 5:25 a.m.

Nearby residents had organized a bucket brigade to cool a 1000 pound propane tank near the scene of the

blaze, but could do little else to save the building, which was all but burned to the ground by the time firemen arrived.

The Minden fire chief described the problem with the fire phones as "just one of those unfortunate things that happens." The phones were repaired and back in operation Saturday morning.

Police said arson is not suspected.

Minden curlers accept \$260,000 building tender

Members of the Minden curling club have accepted a tender of almost \$260,000 for the construction of a new club building.

Godfrey Saunders and Jim Garbutt attended Anson, Hindon and Minden council last Wednesday to seek council's approval of the tender.

The accepted tender of \$257,365, from Ray Knight Construction of Orillia was not the lowest tender but it was the most satisfactory to the building committee.

Saunders told council the lowest tender the club received was incomplete and the committee gave it no further consideration.

Then, the committee met with the next three lowest

Water users will have to pay rate, council insists

Water users in Minden village who refuse to pay the increased water consumption rate will have the bill added to their 1981 tax bill, according to a resolution passed at last Wednesday's Anson, Hindon and Minden council meeting.

The resolution came after discussion about the increase brought to light that ratepayers were refusing to pay the 50 percent increase.

Reeve Sinc Nesbitt told council people had been stopping him on the street saying they were not going to

Cont'd page 2

Job satisfactory, consultants, contractors say

Minden council to press lawsuit over street work

Anson, Hindon and Minden council has authorized its solicitor to pursue a lawsuit against the Ministry of the Environment for damages to the village streets during the construction of sewers in 1977 and 1978.

At its regular meeting last Wednesday council received correspondence from its solicitor, Fraser Rogers, of Bishop and Rogers in Haliburton, enclosing letters from contractors involved in the job and saying that he had not as yet received a reply from the ministry.

"I would request that you advise me as to your position in this regard since I am concerned with the statutes of limitations," Rogers told council.

The problem with the condition of the streets began in 1977 when the ministry hired contractors to install a sewer system in the village.

Since the completion of construction council has been trying to get the ministry to improve the condition of the streets.

Council decided May to try to use the threat of a lawsuit as a lever to get its streets and road to the waterworks plant repaired.

In reply to a letter sent by Rogers to Totten, Sims, Hubicki Associates Ltd., P.C. Eberlee said he was unaware of the claims the township thinks it has against his firm.

The firm acted as consulting engineers for the water storage tank road and Eberlee noted they worked under the direction of the ministry.

The ministry contracted different parts of the sewer project to individual companies.

In the reply Eberlee stated: "I must advise that the

contract for construction of the reservoir and access road, which I assume is the contract referred to in your letter, did not include, as a specific condition, the construction of the road to MTC standards."

He also said the company never contemplated bringing the access road up to MTC standards when it was designing the project. He pointed out this design was presented to the township for its information before the tenders were received.

The road outlined in the design consisted of a 16-foot paved surface with two-foot gravel shoulders on each side.

Another party in the mat-

ter, R.V. Anderson Associates Ltd., consulting engineers and planners explained in a letter to Rogers that the company was responsible for the design and supervision of the works for the Ministry of the Environment.

"The standard of street reconstruction under the contract exceeded the standard which existed in Minden prior to construction... (in) most areas a hot-mix asphalt road surface was placed on a 12-inch compacted gravel road base, and during construction the old pavement was found to have been laid on less than six inches of granular base," the R.V. Anderson letter states.

W. R. Roycroft, on behalf of the company, said the old pavement had deteriorated to a cracked and uneven surface and needed sub-base reconstruction and surface replacement.

In conclusion Roycroft stated: "We are hereby advising that we do not intend to take remedial action in response to your letter as our obligation to our client has been concluded and we have no authority to take such action."

After the correspondence had been read, reeve Sinc Nesbitt called on council to pass a resolution to lay charges against the ministry. The motion was passed later in the meeting.

CTC postpones hearing on CN bid to abandon rail line

The Canada Transport Commission has agreed to postpone until September 1, a hearing on Canadian National Railways' application to close the Lindsay-Haliburton rail line.

Dysart et al reeve Murray Fearrey told council at a meeting Monday he had received confirmation from the commissioner's office that the hearing would be delayed. The decision came in the wake of telegrams to the commissioner's office from Dysart et al, Snowdon, Victoria County and the Town of Lindsay.

The postponement will give municipal officials and other groups time to prepare submissions to counter CN's request to abandon the line. It

is expected that those submissions will strongly question CN's loss claims for the operation of the line and its contention that a washout north of Kilmount would cost at least \$75,000 to repair.

At Monday's meeting, reeve Fearrey sought direction from council on how to

approach the hearing. Council decided to foot the bill for legal and other consultants to take a detailed look at CN's abandonment application and prepare a submission arguing against it.

Work on the Dysart submission is expected to begin immediately.

Council wants to meet Davis

Anson, Hindon and Minden council has requested an appointment with Ontario premier William Davis in hopes of being exempted from the planning rule regarding business improvement areas.

Council was told by ministry officials at a meeting in

May that it would not be eligible for government loans under the business improvement area (BIA) regulation if the town of Minden was not included in an official plan, unless ministry of housing regulations could be overlooked.

The thunder of an 1800 horsepower radial engine split the air over Stanhope airport Saturday as this Grumman Avenger torpedo bomber, owned and restored by the Canadian Warplane Heritage,

completed high speed and low speed passes to open the second fly-in and airshow of the year. The first was hampered by poor weather. For more pictures and details, see page 8.

Unbalanced schedule eases league concern over travel time

Huskies join Georgian Bay 'C' league

The Haliburton Huskies will join the Georgian Bay Junior 'C' league for the upcoming season. The move to the new league comes after the Junior 'D' loop in which the team had played folded at the end of last season.

Team sponsor Scott LaRue said Tuesday that team representatives got confirmation of the switch to the 'C' division at a meeting with league officials in Bracebridge Monday night.

LaRue said the move was made necessary by the fact that the stronger teams in the former 'D' league opted to join a 'C' league to the south, leaving the Huskies with no one to play. Had the local

team been unable to link up with the 'C' league to the west, it would have meant the team's demise.

Biggest hurdle the Huskies had to overcome to join the new league was concern on the part of some league officials about travelling distances and costs to games in Haliburton. But Huskies' representatives managed to convince officials that the inconvenience and expense would not be prohibitive.

As well, an unbalanced schedule has been worked out to minimize travelling distances. Under the scheme, the Huskies will play three home and three away games against Huntsville, Graven-

hurst and Bracebridge, and two home and away games against the more distant teams of Oro, Midland, Penetang and Parry Sound.

LaRue said the Huskies hope the majority of the team's home games will be played on Saturday nights, under the pattern that drew increased fan support last year, but some home games may have to be played on Sundays.

Although the 'C' league will present the Huskies with some stiff competition, LaRue said the team has "a fairly good nucleus of players" returning this year, and should be able to do well. Under the rules of the 'C'

league, the team can also ice a total of four imports or players on waivers from other teams in the league. The Huskies hope the rule will allow up to four good players who may be cottagers in the area to add strength to the team's lineup this season.

As well, the move to the 'C' league is expected to make the team more attractive for players from the Minden area who may otherwise have opted to play in a different league.

Huskies' officials also feel the move to the Junior 'C' league will provide increased fan interest and be a boost for the community, LaRue said.

Being pump man of a Ministry of Natural Resources fire fighting crew is an important position. Here a student, at a recent fire training course, primes the pump. For story see page 3.

Exemption sought

from page 1

Since council has not received a ruling back from the ministry it is becoming anxious. At the May meeting, council suggested the county's planning strategy, which included development plans for Minden, could be used as guidelines for the BIA.

At that time ministry representatives said regulations might require an official plan because the planning strategy is not a legal document and has no status under the provincial Planning Act.

Reeve Sinc Nesbitt suggested to council last Wednesday that a meeting be set up with the premier before the ruling from the ministry is received.

Glamorgan

from page 1

Council has as yet taken no action on the resignation.

After Maguire's resignation, council passed a resolution to advise Bryan that he would not be hired for the road superintendent's job.

Since council had already notified Bryan that he was the successful applicant, it had to compensate him for expenses, including a half-ton pickup, which were incurred by the promise of employment.

Billings was one of the 16 initial applicants when the position was first advertised. He was one of four applicants who were interviewed for the job.

If the ministry will not accept the planning strategy under the BIA program the downtown businessmen who have formed to revitalize the core area would not qualify for low interest provincial loans.

In the event the ministry does not accept the planning strategy, the BIA program will not be dropped, but will have to be done in smaller portions which the business people can afford.

The appointment with Davis to discuss the problem came about when council was discussing how to appoint a board of management for the BIA.

The board will be appointed near the first of August if no objections to the BIA have been raised by business people in the town. A by-law establishing the BIA has been circulated to area businesses who have 60 days to object.

The board, consisting of three members including one council representative, will administer the BIA's operation.

Councillor Stu Brandon, who has spearheaded the BIA, suggested a letter be sent to business people asking if they were interested in sitting on the board or if they wished to nominate anyone.

He said two individuals had already expressed an interest to him.

Reeve Sinc Nesbitt suggested that Brandon should be council's representative to the board.

There was no place to look but up around the Stanhope airport Saturday afternoon as the fly-in and airshow filled the sky with precision aerobatics, parachute jumping, gyrocopter flying and other thrilling sights. More pictures are on page 8.

'Guild should change name': Brandon

Some members of Anson, Hindon and Minden council don't think the Haliburton Highlands Guild of Fine Arts is serving the entire county.

The matter came to light at a regular council meeting last Wednesday when a representative of the Guild sent a letter asking the municipality to make a grant to cover some of the expenses of scholarships given to Minden area students.

Councillor Stu Brandon spoke up saying he felt the

Guild should change its name to the Haliburton Guild of Fine Arts because it does not serve the Minden community.

He noted that the Guild never held its summer exhibition and sale or any of its four concerts that are scheduled for this fall in the village of Minden.

"I think it would be a nice gesture on their part (to have one of the concerts in Minden), if they're saying they serve the county," Brandon

said.

He added that most of the Guild's work, including all of its summer courses and scholarship programs for children, have been in the village of Haliburton in the past.

"I would like to know if they are interested in serving this community in this community," Brandon said.

Council decided to invite a member of the Guild to talk about the matter at its next council meeting.

Parade, amateur contest, dances among attractions

'Good Times' return Friday

It may not be the geographical centre of Haliburton County, but when it comes to fun and entertainment, the hamlet of Wilberforce will be at the centre of things this weekend as the annual extravaganza known as Country Good Times gets underway. Organizers have lined up a full slate of activities with plenty of variety to meet the interest of just about everyone.

Kicking things off will be the opening of the midway and concession booths in the parking lot behind the Lloyd Watson Memorial Centre at 6 p.m. Friday night. The midway will continue to operate throughout the weekend.

Water increase

from page 1

pay the increase.

The increase came about when the municipality was forced to pay more expenses for extensions to the water system, the reservoir and increased interest payments, according to clerk Elinor Burk.

"We're compelled to pay whether we have it (the money) or not," she said in an interview Monday.

Council decided the best way to make up for the \$33,261 deficit at the end of 1979 would be to increase the consumption rates to users 50 percent in 1980 and 50 percent more in 1981.

Burke said it made no difference whether the rate was collected by consumption rate or added to the mill rate, it would only affect those people using the water.

Those delinquent bills which are added to the tax bills will be treated the same as overdue taxes, according to the clerk.

This is the first increase in consumption rates since 1968.

Attention will shift to the auditorium of the Lloyd Watson Centre at 6:30 p.m. as the beauty contest to determine who will carry the title of Miss Country Good Times this year begins. Judging will be concluded in time for the main event of the evening, the country and western jamboree, which is slated to begin at 8:30 p.m. Cathy-Jean and the Log Cabin Boys will play up a storm for country and western fans at the arena through to 1 a.m.

For the younger set, a teen dance will also be held Friday night at the Lloyd Watson Centre. Music will be supplied by disc jockey Colin Kressler.

Saturday is the biggest day of the Country Good Times weekend. Action will begin at 10 a.m. when the first ladies baseball teams take to the diamond for the opening game of a two-day tournament. Action will continue at the diamond throughout the day, with playoffs scheduled for Sunday.

At 11 a.m. a flea market, bake sale and bazaar begins at the Watson Centre, and at noon, the midway and concessions open for the day.

One of the long standing highlights of the weekend has been the parade, which has consistently drawn more participants and better floats than any other parade in the county. And this year's version promises to be no exception. Prizes will be awarded for the best entries in a number of categories. The parade gets underway at 1 p.m. and will make its way down Highway 648 to the community centre grounds, affording plenty of opportunity for spectators to find a good viewing spot along the half-mile route.

Following the parade, the "Misty River Ramblers" will begin entertaining in the

arena. An amateur contest has also been scheduled for the afternoon, and organizers are urging local talent to compete for one of several cash prizes.

For those who would like to spend part of the afternoon outside soaking up the sun, a new event has been planned. Known as a gymkhana, it will feature displays of equestrian skill as horses and riders demonstrate the concentration and form needed to clear a series of jumps.

Winding up Saturday's events is a traditional Country Good Times Ball. Music will be supplied by the Misty River Ramblers (country and

western) at the arena, and by The Versatiles (country rock) at the Lloyd Watson Centre.

Early risers will be able to take advantage of the pancake breakfast which begins at 9 a.m. Sunday. Finals of the ladies softball will also begin at 9 a.m. and continue throughout the morning.

At noon the midway and concessions will open and to round out the day's activities, an arts and craft show will be held from 2 to 4 p.m.

All in all, this year's Country Good Times promises to be one of the highlights of the summer's activities in Haliburton County.

School of Fine Arts courses are getting good response

The participation in this summer's courses sponsored by the Haliburton School of Fine Arts is great according to administrator Barb Bolin.

Bolin said on Monday the school has expanded with courses to Haliburton and Kennis Lakes. These courses will be held in the mornings for four weeks.

A real attraction this summer will be an African artist, Gilbert Bobbo, who will be teaching a one-week weaving course to children and a weekend course for adults in strip weaving. Bobbo, who will have a one-week show at the gallery, will be spending a month in Canada under a program sponsored by an international arts group.

There has been a good response to the sailing and windsurfing classes which are being conducted on Lake Kashagawigamog, Bolin said.

Other new courses available through the school are

painting on silk which is a practical course utilizing the designs to make clothing and a wood carving course which Bolin hopes will attract local woodworkers. Bolin said that although she realizes it is difficult for local people to have the opportunity to take time off in the summer time, hopefully they will be able to take advantage of this course since a weekend course held in the winter aroused a great deal of interest.

Another popular activity at the school this year is a day camp for children. The camp runs five days a week, 8:30 a.m. to 5:00 p.m. at Sir Sandford Fleming College. Cost of the camp is only \$30 per week.

The children receive professional instruction on a different subject every week and also have fun being involved in camp activities such as swimming and crafts.

And one thing to look forward to this fall is the school of self-sufficiency which will be taught.

The weather

Temperatures across the Haliburton Highlands have been running slightly below normal throughout the last week, with nighttime lows dipping well below normal figures. That trend is expected to continue over the next few days, according to the area climatologist. Daytime highs will continue to rise, and there is only a slight chance of showers through to the weekend.

Precipitation over the week totalled 18 mm, and all of it fell last Tuesday.

Highest temperature recorded between July 7 and July 14 was 28C on Monday, while the lowest temperature was 6C recorded early Sunday morning.

Local MNR trains new firefighters

Safety is emphasized

by Sue Cooper

The Minden district office to the Ministry of Natural Resources is drawing on its resources to train men to help fight the fires that are plaguing northern Ontario.

The local district has almost completely exhausted its resources of trained fire fighting men so it has hired an additional 16 local men to help out with the firefighting.

These men began a training course at the Haliburton office on Wednesday, July 2 and ended it a day early last Thursday because they were expected to be sent north on Friday.

Gord Samells, district training officer and Fred Rolfe from the ministry were responsible for training the men. On Thursday, Rolfe had been called to go to the north and Samells were busy winding up the course, a day early to make sure the men were ready if they were flown out on Friday.

Samells, who retired two years ago was brought out of retirement a couple of weeks ago to help out in the emergency.

"Safety, safety, safety, safety. That's what we've been stressing, everything must be done safely," Samells said on Thursday.

The men were practising their exercises at a small clearing outside Irondale Thursday afternoon. Samells had them run through the same steps they would be

following if they are assigned to a fire.

First, a water source is found and the pump is set up and primed ready for use. A five-man crew is needed to handle the hose and pump.

The crew is made up of the nozzle man, number one hose handler, number two hose handler, a hose layer and the pump man. Every man who has taken the course is qualified to act in any of these capacities when the need arises.

One aspect of firefighting that Samells has emphasized throughout the course is the clean up, because it is imperative that all fire is extinguished and the equipment stored properly for use next time.

Every man has been taught to roll the hose into a melon-like ball so that it can be stored and handled easily and sent on to the next fire without having to be rolled again.

The course has also highlighted the use of hand tools, fire behaviour and the theory behind the "fire triangle". According to Samells, the fire triangle consists of three components, oxygen, fuel and heat. It was stressed during the course that if any of these elements were removed the fire would not be able to burn.

After the course was completed, the 16 men joined an additional 10 non-ministry personnel who have been trained to fight the fires this year.

Bill Austin, of Minden, was one of 16 local men who attended a week-long training course for Ministry of Natural Resources fire fighting crews. Austin acts as nozzle man with the water pumping out at 120 pounds pressure.

Driver escapes unhurt, car is undamaged

Orillia man injured as car leaves road

A 30-year old Orillia man suffered serious back injuries in a single car accident on Highway 530 early Sunday morning.

Tadeusz Szukalski was a passenger in a car driven by Daniel Johnston, 28, of Oshawa. Police say Johnston was eastbound at about 3 a.m. when he entered a fog patch, drove onto the north shoulder of a curve, corrected and entered the south ditch, striking an earth bank. Szukalski was taken to Haliburton hospital suffering what police describe as a possible broken back.

Johnston's car was not damaged in the mishap. An 18-year old RR 1, Minden man suffered minor injuries Sunday afternoon when his motorcycle collided with a car on Highway 35 near Minden.

Martin Duncan was northbound on Highway 35 when a car driven by James Morton, 65 of Agincourt turned onto the highway from Horseshoe Lake Road and into Duncan's path. Police say Duncan tried to avoid Morton's car, but collided with its right front.

Damage to the motorcycle was estimated at \$2000, while damage to Morton's car was estimated at \$700.

Duncan was taken to Minden hospital for treatment of minor injuries. Morton was charged with failing to yield.

A Newmarket man was charged with impaired driving last Sunday after the car he was driving went out of control on Highway 121 near Minden.

Kenneth Knight, 24, was eastbound at about 1:30 a.m. when he struck a road sign on the south shoulder and entered the south ditch, striking two trees.

Damage to his car was estimated at \$2000. A charge of careless driving was laid against a 66 year old Markham man last Wednesday after his car left Horseshoe Lake Road #1 and entered the water of Minden Lake.

Norman Paterson was eastbound when he entered the south ditch, struck a hydro pole and continued into the lake.

Damage to his car was estimated at \$2,500.

A single car accident on Miskwabi Lake Road Friday afternoon resulted in an estimated \$2000 damage.

Erno Felfodi, 37 of Rexdale was southbound on a hill when his car entered the west ditch and rolled over into some trees.

Felfodi was not charged. A 35-year old Mississauga woman was charged with careless driving after the car she was driving went out of

control on the Green Lake Road, Sunday evening.

Joan Marie McKay was eastbound and met a westbound vehicle driven by Robertson Johnston, 31, of Uxbridge. McKay's car went out of control and entered the south ditch, striking a tree.

Damage to McKay's car was estimated at \$1700. Johnston's vehicle was not damaged.

Damage totalled an estimated \$2000 when two vehicles collided on County Road #7 late Sunday night.

Police say Hugh Collim, 56, of Agincourt, was southbound and Edmund Berscheid, 36, of Oakville, was northbound when their vehicles sideswiped on the crest of a hill.

Damage to Collim's car was estimated at \$1500 while damage to Berscheid's pickup was estimated at \$500.

Monmouth council minutes

At a meeting last Monday, Monmouth township council considered the following matters:

General voucher of \$63,309.98; roads voucher of \$14,121.99; welfare payroll of \$1,289.56; and O.H.R.P. voucher of \$410. were approved for payment.

The municipality will reimburse the clerk \$250 for successfully completing the Municipal Accounting Course.

Frank Cowan Insurance Company will be contacted re water damage to property number 2-400 (Basement and furnace damage).

Subject to the receipt of a motion by the council of Glamorgan Township agreeing to the following, council will write to property owner #1-532 offering the sum of \$2,280 to purchase a 66' road right-of-way across the south portion of subject property and further notify said owner that all survey and legal costs will be paid by the Township of Monmouth. All costs in the above are to be shared equally between the Townships of Glamorgan and Monmouth.

The Monmouth Township 1881-1981 book Committee were granted a loan of \$5,000 to be repaid to council as soon as funds are available, interest free.

Council approved severance applications H4/80 and H3/80 subject to the present travelled road as shown on survey by H.C. Bishop, O.L.S. dated September 24, 1966 being deeded to the Township of Monmouth at the expense of the applicant. It is further understood that the severed lots shall meet all

provisions of By-law 78-6.

The municipality will apply to the Ministry of Natural Resources for a water lot on Concession 12, part Lot 32, Wilbermere Lake.

Council accepted the application of John Featherstone to rezone his property being Lots 16 and 16, Concession 16 from RU to C3, subject to the approval of By-law 80-17 by the Ontario Municipal Board.

By-law 80-18, a by-law to amend By-law 78-6 as otherwise amended, passed pursuant to the Provisions of Section 35 of the Planning Act, R.S.O. 1970, as amended, was passed.

By-law 80-19, a by-law to adopt estimates for 1980, was passed.

By-law 80-20, a by-law authorizing speed limits, was also passed.

By-law 80-21, a by-law

restricting the speed of motor vehicles, was passed.

Council authorized the clerk to attend a seminar at Queen's University on August 14, also to attend a Finance Seminar in London, September 24 to September 26.

Council gave permission for Ken Noble to attend the Ontario Building Code Conference at Sault Ste. Marie, October 14 to 17 and all expenses associated with it will be paid by the municipality.

The Township of Monmouth endorsed the motion of the Town of Latchford re: petitioning the Ministry of Education to review its system of funding school busing with a view to discouraging the continual centralization of education.

The municipality will rent a postal metre from Pitney Bowes and purchase base.

Minden Agricultural Society will administer old building

The Minden agricultural society will be taking over the day-to-day administration of the old Minden curling club building according to a resolution passed at last Wednesday's Anson, Hindon and Minden council meeting.

Jerry Pillsworth, president of the Haliburton County Fair Board whose supporting group is the Minden agricultural society, approached council asking that the fair board be allowed to take over the basic functions of the building such as paying insurance premiums and other

operating expenses. Pillsworth said that although he was not quite sure of the Ministry of Labour's recommendations which forced the curling club members to construct a new building, he thought the building could be used for fair exhibits in the summer time and closed or used for storage in the winter time.

"We're talking about administration, not ownership," Pillsworth assured the council. He added it would be easier to operate the building

Cont'd. page 10

Minden council will ask for OMB hearing delay

Anson, Hindon and Minden council has asked the Ontario Municipal Board to adjourn its hearing on a subdivision planned for Soy-er's Lake until a future date, at the urging of the developer's solicitor.

Deanne Ewart, representing Couchiching Real Estate, asked council at its regular meeting last Wednesday if it would request the adjournment on behalf of his client.

Ewart cited the cost and time involved in OMB hearings as the reason for the request. He said since a rezoning notice had not yet been circulated to residents within 400 feet of the proposed development, there would probably be objections to the rezoning as well, causing another hearing.

He pointed out it would cost less in both time and money if the hearings for the rezoning and subdivision plan could be heard at the same time.

Anson, Hindon and Minden council, Sinc Nesbitt, agreed with Ewart, saying it was only commonsense to have the two hearings at the same time.

Both hearings would apparently be made up of the

same evidence and the same witnesses would be asked to appear twice to testify.

The rezoning is necessary since it is a condition included in the Ministry of Housing's draft approval which was sent to the OMB when the hearing was announced. The hearing is being held because one objection has been lodged against the development in principal.

Ewart said he would like

the rezoning application for part of Lot 30, Concession 7 to start immediately.

The rezoning application will call for the 17 lots that are now permanent residential to be rezoned seasonal residential.

Ewart said the MOH had suggested the rezoning and also that the developer approach council for a request of adjournment.

Council agreed to request

an adjournment from the OMB until the development could be considered at the same time as the rezoning application.

OPP report activities

The Minden detachment of the Ontario Provincial Police report the following activity for the period of July 7 - 13. During this period the staff investigated 12 reportable

Cont'd. page 10

Council receives

letter on Rockcliffe, makes no comment

Anson, Hindon and Minden council made no comment when it received a letter objecting to the Rockcliffe Hotel beer garden at its regular meeting last Wednesday.

The letter, signed by Pat Diaz, of Minden, was read to council by clerk Elinor Burke.

When the letter ended, council sat in silence. Councilor Stu Brandon asked other council members if Diaz lived in town and it was confirmed that she did. No other discussion followed.

Making changes

The fire that destroyed a recreation hall at the Orange Grove Resort near Minden early Saturday morning has pointed out serious and potentially fatal weaknesses in the system that links the public with the community's volunteer firemen. A lightning strike which had damaged a junction box critical to the system's operation went undetected. As a result, the alarm could not be sounded. A call relayed through Lindsay OPP brought an officer from the local detachment to the village in an effort to raise the firemen. By the time the pumper and men got to the scene, more than 30 minutes after the fire was discovered, the building could not be saved.

The fact that there was no loss of life was the only element of good fortune in the while frightening incident. What the fire has made abundantly clear is that steps must now be taken to ensure that no such cutoff in communications can occur again.

No one could have foreseen that the fire phones would go dead, of course, but a warning system linked to the line could have told someone the phones were inoperative. As well, the OPP should be supplied with a complete list of all the volunteer firemen in each township, so that in the event of a similar problem, calls could go out to the men on regular telephones with a minimum of delay.

A third step that should be considered is the installation of a switch that would allow the siren at the fire hall to be sounded from outside the building. While such a device would carry with it the potential for abuse by some members of the public, its potential life-saving benefits would outweigh the danger of false alarms.

As fire chief Deke Jackson said in an interview Tuesday, the complications that surround the fire constitute a rare and unfortunate chain of events that no one could have foreseen.

But steps must now be taken to ensure that a similar problem will never occur again.

The time is now

Municipal politicians in Haliburton and Victoria County appear to have won the first round in what may prove to be a tough battle to keep the rail line from Lindsay to Haliburton in place. The Canada Transport Commission has agreed to postpone a hearing on CN's application to abandon the line until September 1. The delay will give politicians and the general public time to arm themselves for the fight that will take place before the Commission's Railway Transport Committee.

CN is determined to close the line. It claims it is unprofitable, and that to repair it and maintain it will continue to cost hundreds of thousands of dollars more than the line will generate in freight revenues. That is a contention which those who want the line left in place must be prepared to refute. To do so, they will need the cooperation and backing of the public and the business community.

Two things could be key to winning the argument with CN before the committee. Firstly, it must be shown that while the line may in fact have lost money in recent years, the potential for increased freight and even passenger traffic on the line will grow in direct proportion to the rising cost of petroleum. Businesses which could make use of the line by bringing in carloads instead of truckloads of goods must be prepared to say that they will do so. Secondly, the committee must be shown that the cost of repairing and maintaining the line is not as high as CN contends. That will be more difficult to argue than the future potential of the line, but as some members of county council pointed out when CN refused to repair a washout at Kinmount, the \$75,000 figure the railway quoted for the work may well be far too high.

Dysart council noted Monday that once the line is gone, it will be gone forever. The time to save it will come September 1. The time to express support for that effort is now.

Good show

Everybody, they say, complains about the weather, but nobody does anything about it. Well, almost nobody. The Stanhope airport committee has proved that if you can't change the weather, you can at least do something to get around it. Frustrated by rain and low clouds that put a damper on the airshow they had scheduled for June 15, the committee decided not to throw up its hands in despair but to give it another try. And their perseverance paid off. The weather was perfect for the second version of the show Saturday afternoon and the event went off without a hitch.

The annual airshow has become one of the most popular events in the county, and the smoothness with which it operates gives little hint of the months of work that go on behind the scenes to make it a reality. Though the show turns a modest profit for the committee, the main reward comes as it did Saturday in the form of smiles and applause from the hundreds of people who turned out to watch.

Hats off to show chairman, Stan Moore and his committee for a job well done. And for betting on better weather and winning.

Nose of a vintage Chipmunk trainer

LETTERS to the EDITOR

To the Editor:

I read with interest Mr. Collins' response to my previous letter. Mr. Collins is certainly entitled to his opinion. However, for interested readers and ratepayers of the ongoing saga of Glamorgan Township's Road Superintendency, a perspective of Mr. Collins' point of view is necessary to fully appreciate his remarks.

Mr. Collins, a personable fellow, was one of the representatives from the disgruntled ratepayers who met with council to try to resolve this conflict. His arguments are subjective and emotional. He exaggerates and distorts some facts and completely avoids other relevant facts.

I disagree with much of the content in his letter. I suggest the problem is not a pedagogical gnome who sits on council and does not possess the skill to put a nut and bolt together. Rather, it is an inability by Mr. Collins to accept that someone with vested powers disagrees with his illogical arguments.

Furthermore, I encourage Mr. Collins to achieve insights into municipal government by running for office this November and if elected, be on the Road Committee.

J. D. Fecht,
Councillor,
Township of Glamorgan

To the Editor:

I read over your editorial of last Wednesday with some amazement. For a moment, I thought you and I had been at different meetings. I am not sure whether you missed hearing the full statement or if, hearing it, you were unable to comprehend its import. Certainly, in a later discussion with Dr. Parrot and Dr. Brydges, it was evident that they both understood and, except for minor details, generally endorsed the basic theme of the statement. I then read the editorial in the Minden Times. The editor there apparently understood completely both the import and the extrapolated conclusions therefrom, of the statement. I'm not sure whether we should ascribe your obtuseness to perversity or personal animus. However, so that your readers at least, may not be totally misled by your editorial, let me paraphrase the basic message contained in my statement to the meeting.

Firstly, after numerous letters and a personal meeting with Dr. T. Brydges of the ministry, we felt that we had reached a fairly broad area of agreement on the following.

The ministry agreed to initiate a purely experimental liming program in the immediate future so that the accumulated data, if positive in nature, could be stored away for use when a full scale program becomes necessary sometime in the next ten years.

Secondly: Although the ministry and ourselves are in agreement in principle on this program, it must be remembered that each experimental testing, if done consecutively, uses up about three years of our valuable time before any data can be accumulated. But it may take a number of variations in technique before we find the optimum

operating conditions. Three such programs could use up our ten years lag time and still find us unprepared. What we suggest is that we do a number of different programs concurrently so that we make full use of our short time store. Dr. Brydges understands this concern completely and except for some differences of opinion on technique, he is committed to making use of every year to the full.

We have not now, nor have we ever, in spite of your totally irresponsible statements to the contrary, ever advocated anything but experimental programs. Nor have we ever even suggested that such programs be carried outside the aegis of the ministry. We have stressed over and over again that the sole reason for a test program is to accumulate valuable data for future use.

However we do suggest (and the ministry agrees) that we should utilize all the valuable expertise of local people such as snowmobile associations to aid in winter liming programs. Their help could be invaluable particularly under the guidance of field officers of the ministry.

That, my doubting and obtuse friend, was the burden of my statement. The editor of the Minden Times understood it and commented on it intelligently. Dr. T. Brydges understood it and has agreed to discuss details at a later meeting with the writer. But you, sir, stand apart as the sole exception. You have ascribed statements to me that I have never made, and you continue to smear the work of a dedicated group of volunteers without regard to either fact or fancy. I might note that long before you even were aware of the problem, I and later the group, had been calling for a study of this serious problem when no one in government would listen. The article in the recent issue of Maclean's magazine although somewhat overblown, contains a great deal of basic truth. You might re-read it.

You also question my qualifications, Mr. Pizzey. I can only reply by pointing out that, compared to your own state of ignorance on the chemistry inherent in the problem, I am overqualified. I ask you again. Before you blast off in print why don't you try a personal contact to make sure you really do know what you are talking about.

H.M. Collins, M.A., A.C.I.C.,
Gooderham, Ontario

To the Editor:

The media is supposed to report unbiased. It's about time somebody took Creighton Feir and taught him what the word means. Every time he writes an article about patriotism or Canada he shows bias towards the United States and he uses the word American. It's so ridiculous I am thinking about cancelling my subscription to your paper because of one column. You see, Canada is in North America and we are also Americans and I dislike being mentioned in his articles in a way that portrays our closest neighbours as disliked.

His opinion is definitely a minority!

Bill Smith,
Harcourt, Ontario

Feir Play

by

Creighton Feir

Many interested people keep asking us from time to time the question of how are people in business doing financially so far this summer and is business good or bad. Over the past several days I have talked to many business people from all parts of the county and they seem to be saying with a few exceptions that this summer's business so far this summer can be termed as hot and cold. The holiday weekend was tremendous, other weekends are fair, but business in all localities seems to be down considerably during the weekdays. It could all add up to the sign of the times with high inflation, more people unemployed everyday and the high price of gasoline. As far as the cottagers are concerned it would appear that they are still coming up but that their trips are fewer than in other years.

Just recently we touched on the subject of household garbage being placed in the Ministry of Transportation and Communications litter barrels as well as those put out for your use by the various municipalities in Haliburton County. May we remind local citizens, visitors and cottagers that these barrels are for the use of litter only. Household garbage is meant to be taken to the local dumps. Please keep this in mind.

It's all aboard for Wilberforce this coming weekend for the annual Good Times Country weekend. It will be held this coming Friday, Saturday and Sunday, July 18, 19 and 20. The weekend will feature plenty of great entertainment and fun for both young and old with a midway, concession booths, beauty contest, dances at the arena, ladies softball tournament, flea market, bake sale and bazaar, monster parade, amateur contest, pancake breakfast, arts and crafts show and you name it and it will all be at the Country Good Times weekend. We could go on and on telling you about the many other events that are waiting for you in Wilberforce this coming weekend. Plan now to take along the entire family for fun and frolic.

My good friend Harley Fader came into the office last Wednesday and presented me with a tattered old copy of The Barrie Examiner newspaper dated April 22, 1915. He found it while doing some carpenter work at the old Wellington Austin house near the municipal building in Haliburton. Some of the news and some of the advertisements took my eye and can you imagine that even back in those days a heading in the paper was "A Little Garden Will 'Help Some' To Reduce The High Cost of Living." Here's a few items. Golden Wax Butter Beans, 2 lbs. for 25 cents; Good Sound Potato Onions, 4 lbs. for 25 cents. In an advertisement George Vickers store in Barrie was selling flannelette at 5 cents a yard.

Recently many people have been pondering over their future and many are wondering where this world is going. In the Rotary Club's Governor's monthly letter, he had this to say. "Daily we hear of corrupt politicians, decaying morals in our schools and the manipulation of supplies to increase demands by the large corporations. Hopefully these are merely phases of the human inequities, for in a world based upon faith, we must establish hope as a fundamental ingredient of our society. We must assure the less fortunate that we are prepared to serve on their behalf."

The Minden and District Horticultural Society are to be commended for their wonderful efforts to beautify the banks of the Gull River in Minden. It's certainly a pleasure to drive through Minden and see the beautiful flower gardens that line the north shore.

Dan Statham, the on-air guest co-ordinator for 100 Huntley Street, will be the guest speaker when the Full Gospel Businessmen's Fellowship (Haliburton Chapter) hold their monthly dinner meeting at the Royal Canadian Legion Hall at Haliburton this Friday evening, July 18th at 7:00 p.m. A miracle in his life brought him to 100% Christian living. Dan Statham has spoken at many churches, retreats and at Full Gospel Fellowship dinners. This is your opportunity to come out and hear this exciting young man. Dinner tickets are \$5.00 for adults, \$3.00 for students and \$12.00 per family. It's this coming Friday night, July 18th.

There must be lots of water to handle the Trent-Severn Water System this summer as the lakes and rivers here in Haliburton County are very high. Other Years when we didn't have enough water here it seemed to be the general opinion that we had to send it on ahead to the Trent water system. Just recently it was pointed out to me just how high the water level was at the Gull River in Minden.

Open air church services are being held every Sunday evening at 7:00 p.m. at the Haliburton Ball Park. Why not drive up and take in one of these services. Each meeting features an outstanding speaker.

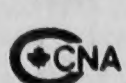

Well, it's the good old summer time once again and the time when some of the young drivers like to hit the main street in Haliburton and put on an exhibition and show right up until the wee hours of the morning. This speeding and screeching of tires is not just confined to the main street area it happens all over town and another favourite spot seems to be at the Rotary Beach. The Minden detachment of the Ontario Provincial Police have been cracking down on these offenders.

Mr. Brian Smith of Haliburton will be the guest speaker when the Brotherhood of Anglican Churchmen hold their monthly communion and breakfast meeting at St. Andrew's Anglican Church at West Guilford this coming Sunday morning July 20th at 8 a.m. Brian is at present working with the retarded adults at ARC Industries in Haliburton.

A woman phone a New York night spot and asked imperiously if her husband was there. When the proprietor asked how he'd recognize him, she huffed: "He's the one that looks guilty."

Pic of the Past

Our Pic of the Past this week shows a class at the Minden Model School (for teacher training) in 1894. Front row from the left, Jane Taylor, Miss Gostlin, Althea Gould (Highland Grove), Flossie McElwain (Gelert), Phrona Haskell (Fenelon Falls) and Sadie McEachern (Gamebridge). Back row from the left, Lester Palmer, Elmer Puffer, Miss Scriber, Miss Lillian

Delamere (teacher), Mr. John English (principal), Dr. Curry (inspector), Mrs. English, Nellie MacDonald (Haliburton), an unknown girl, Miss Scott (Gelert). Our thanks to Ross English, a summer resident at Haliburton Lake, for giving us permission to use this photo.

From the Chamber

by Bob Stinson

Dorset is on the Move

If you haven't visited Dorset for awhile you may have trouble recognizing it on your next visit. Things are rapidly changing in Dorset. Across the road from Robinson's Store the old service station has been completely renovated and upgraded by Bill Johnson and divided into three separate business establishments. The center portion has been rented by Brad Robinson, or Robinson Store to house the "Pine Emporium". Brad mentioned that it was on this very location that Robinson's Store started in the early 1900's and they moved to their present location across the street in 1921. So after almost 60 years he says, "they are back where they started". Not quite of course, because Robinson's Store is probably still one of the most delightful examples of an old-fashion general store on a large scale.

Adjacent to the Pine Emporium Bill Johnson has opened "Johnson's" which is a snack bar featuring delicious home-made take-out food. On the other side of the Emporium Bill's wife June has opened "Tingles of Dorset". This quaint little high-fashion dress shop is a scaled down model of the large and very successful "Tingles" which June has operated for a number of years in Burlington. There is still a little more space left in this building which may yet be rented out to other entrepreneurs who would fit in with the theme that the Johnsons have established.

Bill Johnson and Fred Baum work out of the real estate office of Murray McEachern Real Estate in town, and they're quite excited about the new developments taking place in the area. They described with some considerable pride the continuing progress being made on Camp Dorset, the Lions' Clubs Cottage Resort that features the dialysis machine that enables those with kidney disease to enjoy a normal holiday, and the new firehall that is now being built through a Student Employment Program and volunteer help.

Over the bridge the Lumberjack Inn which has been slowly taking shape over the last several years is showing signs of nearing completion and hopes are that it will be in operation by the end of next year. Just north of town the Nordic Inn was purchased by new owners within the past year and Ben Minns and his son Mike and his wife Barbara are presently planning some additions to the facilities. This beautiful motel complex already features a comfortable licenced diningroom with a friendly atmosphere. In winter the Nordic maintains and grooms their own cross country ski trails and the major feature is a floodlit trail for skiing in the evening.

Robinson's Store at the centre of all this has been considered a tourist attraction for some years now, and tour buses make regular stops there. Bob Palmer up in Dwight, was telling us that he had told a visitor that you could get anything imaginable at this store probably even a box of horseshoe nails. The visitor returned after a visit and presented Bob with a box of horseshoe nails that he had purchased at the store. He had no use for the nails but having had the staff turn the store upside down to find them he felt committed to

Cont'd. page 10

Bill Smiley

"If you're so smart, why don't you write something intelligent and literary?" That is what a lady said to me, after reading in that dumb article that I was a graduate in honor English.

My immediate response was, "If you're so smart, sister, why are you reading that trashy weekend magazine?" Fortunately, as they say, cooler heads prevailed, and my wife and I were once more pried apart before we could injure each other.

O.K. You want literary criticism? You shall get it. I've just finished reading "Needles", the novel that won for its author, William Deverell, \$50,000 in a new gimmick established by, I think, Seal paperback books and the old and -- it says here -- reputable Canadian publishing firm of McClelland and Stewart.

It was, according to the cover blurb, the unanimous choice of the judges. I wonder who the judges were, Gordie Howe? George Chuvala? Lassie?

"Needles" cannot be written by a fine young Canadian. It is straight out of Sax Rohmer by Mickey Spillane with James Bond doing the accouchement.

It is pure garbage. But the sort of garbage that makes you dig right to the bottom of the garbage can. (Note the repetition of the word garbage there, you literary crits?)

But it is wonderful garbage, and that's why the judges chose it. It will sell. It's so rotten that I finished it at three a.m. It's so bad you can't put the dang thing down.

It has everything that the modern reader wants, and can't quite get, even though TV and the movies are busting their corsets to probe our every aberration.

It has kinky sex, drugs, genital mutilation, booze, a cop who likes kicking people in the guts, a courtroom scene with a lawyer who is shooting into his vein, and a reincarnation of Dr. Fu Manchu, the great Chinese villain of the aforementioned Sax Rohmer's books.

It also contains every dirty word you ever thought you

might like to say, and every violent deed you might like to commit. It's bound to be a best-seller. And that is why Gordie, George and Lassie chose it. Not for literary merit.

To be fair, it has a few great descriptive passages from the Vancouver Chamber of Commerce tourist booklet, and some switches right out of John LeCarre.

So sue me, Jack McClelland. Everything is in my wife's name. Actually, I thoroughly enjoyed the novel, and I'm sure you will, too, if you can't get enough sex and violence at home.

Might as well get all this lit crit out of my system at once. That brings up -- no pun intended -- Mordecai Richler's new novel. I haven't read it, because the library has not yet stocked it, and may never do so.

When his novel "Cocksure" won the Governor General's Award, I chaffed our local librarian because it wasn't on the shelves. Her reply, and she was right, was that it was too dirty for our town. We must have had a dirty old man as Governor General at the time.

At any rate, as they say when they don't know how to begin the next paragraph, grumpy old Mordecai has once again gone through his gestation, and produced.

And once again, he is into the Jewish thing. In short, he has once more re-written the same novel that he has been honing for years. He wrote one about a young Jew, then about a slightly older Jew, then about a youngish middle-aged Jew, and this one is about a really middle-aged Jew. I'm looking forward to his novel about an old Jew.

Simply, Mordecai Richler, after a couple of good attempts, went back to the fecund well of his own background, drew from it, and drank deeply. The results are first-rate.

He has not yet produced a "masterpiece", as Maclean's, that pale copy of something or other, called his latest work.

What's a masterpiece? A piece done by a master, which is recognized a hundred, or

three hundred, years later by the current expert on masterpieces.

Shakespeare was a journeyman playwright. Dickens sold his stuff to magazines, and padded it unscrupulously, because he was paid by the word. Nobody would touch Conrad with a ten-foot pole until he was aging.

We have some excellent writers in Canada. If you want to see into the mind of a woman, read Margaret Laurence. If you want to see into the mind of a Catholic moralist, read Morley Callaghan. If you want to see into the mind of a Wasp, read Richard Rohmer. And so on.

But if you want to read the works of a hard-nosed satirist, who lays it right on the line about this country of ours, read Richler.

Too bad his novels are too dirty to teach in high school. But I have snuck in Duddy Kravitz.

New telephone directories out

The 1980 Lindsay/Peterborough telephone directories will be available July 18. Delivery is scheduled to be completed by August 7.

The directory incorporates a number of changes designed for easier use, including an expanded introductory section and a separate 'blue pages' for government listings.

Page one of the introductory section lists emergency numbers such as police, fire and ambulance.

The customer complaints section has been altered to include examples of typical complaints and the steps that can be taken by a customer who is having trouble resolving a problem with Bell Canada.

General regulations which govern the company's operations are printed in their entirety.

Government alphabetical listings are now in a separate 'Blue Pages' section which follows the white pages.

Report from Queen's Park

by MPP John Eakins

Since the Legislature adjourned at the end of June, no doubt a number of constituents are thinking that their Member is on a long summer holiday. Let me assure you that such is not the case. This past two weeks, for instance, I have been serving as a member of the Ombudsman's Committee. I have served on this Committee for several years and our purpose, of course, is to act as a liaison between the Ombudsman and the Legislative Assembly, which body appoints the Ombudsman.

While this committee is certainly not a court of last resort for those who disagree with the findings of the Ombudsman, we do discuss many intricate and problem cases where the provincial ministry being investigated does not agree with the Ombudsman's findings.

I want at this time to pay tribute to the Honourable Donald Morand, the Ombudsman of Ontario, for the very effective way he is directing this office. With several thousand complaints a year to investigate, this is no easy task. While much criticism has been directed at the size and cost of this office in the past, I want to say, from first hand knowledge, that this office is one of the best operations of its kind in any jurisdiction.

Two and a half years ago I had the pleasure of visiting other Ombudsmen in Denmark, Sweden, Israel, England and Scotland, and while these operations were all varied in the way they operated, I could not help but feel that here in Ontario, in a period of five years, we had accomplished much that other jurisdictions were just now hoping for. In my short experience, I feel that the office of the Ombudsman in Ontario is well-known by almost every citizen and the average individual knows who the Ombudsman is and how to get in touch with his office.

Anyone who feels they have been unjustly treated by a provincial ministry or its agency, can appeal to the Ombudsman for assistance. The good thing about it, of course, is that it does not cost you any money, except through your support of tax dollars. The only requirement is that all avenues of appeal must be exhausted before the Ombudsman's office will become involved.

If you wish further information, please contact my constituency office at 1 Russell Street East, in Lindsay, or my office in Haliburton, and pick up a booklet outlining how you may be helped. I must point out, however, that the Ontario Ombudsman is only authorized to investigate complaints against a provincial ministry or its agency. Municipal complaints are not included. A complaint may be instituted by contacting the Ombudsman's office directly at 65 Queen Street West, Toronto, or if you wish you may do so by contacting me. I shall be pleased to help.

I hope that shortly I shall be able to call and see many constituents whom I have not been able to see because of my continued attendance at Queen's Park. Victoria-Haliburton is a very large riding and it is often difficult to visit all areas as often as I would prefer. The Counties of Victoria and Haliburton also provide an opportunity not only for myself but all of you to see some of the

most interesting areas that any province or country has to offer. All too often we are busy travelling elsewhere, when within a few miles we have breathtaking scenery of our own. For instance, in the extreme south end of the riding, is Manvers Township, and I would suggest to anyone that you take a drive through these rolling hills, and I am sure you will find that this will be an experience that you will not soon forget. From Manvers to Dorset, and over to Cardiff, you will pass through many interesting towns, villages and waterways, and see many historical points that you were unaware of.

The slogan of the Ontario Ministry of Tourism this year is, 'Ontario - Yours to Discover'. Perhaps the best place to start would be in the great Counties of Victoria and Haliburton. I hope to see more of these counties this summer, and in doing so, I hope to have the opportunity to meet many of you personally.

I do hope that you all have a safe and happy summer.

Hustlers undefeated in tourney

14 teams compete in weekend tournament of fast competition

The Minden Hustlers went undefeated in four straight games over the weekend to take championship honours in the annual Harcourt softball tournament. A team

the dust settled over the community's ball diamond. Closest game of the three-day event came early in the tournament when Minden took on Tweed. The teams

"Over the fence" homerun wins Hustlers' game

from Tweed lost only one game on their way to victory in the consolation round. Some 14 teams squared off in a total of 19 games before

were tied 3 - 3 at the end of regular play, forcing extra innings. Both teams battled for a game winning hit without success until Hus-

Scores of spectators turned out at the Harcourt ball diamond Saturday and Sunday to soak up the sun and watch some fine softball. The annual tournament drew

a total of 14 teams who met in 19 games leading to an 'A' and 'B' championship final late Sunday afternoon.

ters first baseman Jimmy Keetch slammed one over the outfield fence to give his team a 4 - 3 win. It was the only loss for Tweed, who continued on to top spot in the consolation round with victories of 5 - 0 over Harcourt, 3 - 1 over West Eagle, and 8 - 1 over Oshawa in the 'B' final Sunday afternoon.

Minden took Bancroft Pharmacy 2 - 0, Mount Albert 4 - 2 and Bancroft IGA 4 - 2 on their way to the 'A' championship.

Competition was keen throughout the tournament, with most games won by only one or two runs. Winner of the most valuable player award was Daryl

Kramp from Tweed. Winner of the best sportsman was Minden's Jack Snell, who was struck in the head by a pitch in the championship game and had to be transported to hospital by ambulance.

Participating teams were Oshawa, Sarnia, Bancroft IGA, Bancroft Pharmacy,

Janetville, Huntsville, Belleville Doctors Hotel, Mt. Albert, West Eagle, Havelock, Fenelon Falls, Minden, Tweed and Harcourt.

Proceeds from the tournament, food concession and Saturday night dance will go to help support the community hall and recreation programs.

The Minden Hustlers went undefeated in the three-day tournament and took championship honours by defeating Bancroft IGA 4 - 2 in the final game.

Members of the West Eagle (West Guilford/Eagle Lake) team line up to congratulate Bernie Nichols moments after he smashed a low drive that bounced off the rail of the outfield fence for a home run in a game against Harcourt in action Sunday.

West Eagle pitcher Mark Schell shows intense concentration as he winds up for a pitch in a match against the home town Harcourt squad.

Harcourt's pitcher and second baseman keep a close eye on the ball in a match against the West Eagle squad. Competition was extremely close throughout the tournament.

We're tightening up on people who abuse Unemployment Insurance.

Most people getting unemployment insurance play by the rules. But some people don't seem to know that they can't take a job and collect benefits without telling us they're working. That's why employers are being asked to send us the starting date and Social Insurance Number or extracts from computer payroll tapes for each employee they hire or rehire. This information is cross-checked with the Social Insurance Numbers of people receiving unemployment insurance benefits. Only cases of potential abuse will ever surface.

Social Insurance Numbers of newly-hired employees are now being cross-checked with those of people receiving unemployment insurance benefits. Only cases of potential abuse will ever surface.

a new job. In that case, repayment is all that's required. But, a penalty or prosecution may follow when the new system detects people wrongly collecting benefits.

If you are collecting unemployment insurance benefits, and start a new job, please say so on your UI claimant report card.

Motormen hold lead with nine season wins

by Sue Cooper

Curry Motors still holds onto the lead in the Haliburton men's recreational softball league with two wins over Kennedy Surplus last week.

At the beginning of the week's play, Haliburton Lumber's team gained a point after downing LaRue's squad 6 - 2.

The first inning didn't look good for the lumbermen as they got only one man to base before going out to field. LaRue's team took advantage of its first chance to bat scoring two runs by Bob Johnston and Scott LaRue. Greg Bishop was on first base when the third out was made.

It was another quick inning for the lumbermen with only George Nicholls getting on base. It was just about the same story for the LaRue team with one man making it to first.

The lumbermen almost scored a run in the top of the third with Wynn on third, but he couldn't make it home.

The LaRue team was put out three up, three down in both the third and fourth inning to keep the score at 2 - 0.

But the lumbermen started to pick up speed in the top of the fourth with a run from Nicholls and Jim Scheffee and Earl Bull making it to base.

In the top of the fifth the lumbermen took control of the game. Wynn started off the running streak, followed across the plate by Derrell Stamp, Gary Brohman, Craig Stamp and Nicholls hitting a home run.

LaRue's team remained without another score for the rest of the game.

The final score was 6 - 2 in favour of the lumbermen.

Craig Stamp was the winning pitcher with Bob Johnston taking the loss.

The same night Kennedy's team met up with the Legion only to be defeated 11 - 1.

Doug Mitchell scored the only run for Kennedy in the

first inning with Gary McKnight getting to third but not making it home.

Kennedy's kept the Legion scoreless but couldn't do the same in the second inning.

The Legion's hitters started with a run from Andy Salvatori followed in by Kevin Sisson, Dick McLean, Bernie Nicholls, Hugh Nichol, Craig Wood and Bob MacNaull.

Kennedy's squad was quickly put back out to field with three fast outs.

The Legion strengthened their lead with another run from Wood in the bottom of the third.

In the fourth Kennedy's team managed to get two men on base before the three outs were called.

Nicholls scored another run for the Legion during the team's fourth turn at bat.

Kennedy's team had two men put out on bases in the fifth to end their scoring at one run for the game.

Salvatori and Sisson brought in two more runs for the Legion in the final inning.

Winning pitcher was Andy Salvatori and the loss went to Earl Bull.

On Thursday night, Curry's team and Kennedy's squad had a busy night as they met to play one scheduled game and followed up with a rematch of a rained out game.

Curry's team won the first battle in an 8 - 1 decision.

The first two innings found the teams closely matched with no scores being made by either side. In the top of the third, John Wilson and Mark Schell came home for Curry with Paul Wilson making it to third before the inning ended.

Gary Burtch hit a double to get him safely to second base but he didn't make it any further before the outs were tallied.

Curry's men brought in another run by Jeff Carpenter with Mike Carpenter and Ron Perrin getting to base before the end of their bat.

Kennedy's squad was put out three straight in both the fourth and fifth inning. Curry's motormen brought in another three runs from Steve Roberts, Ted Ashton and John Parish.

In the top of the sixth, John Wilson and Mark Schell came across the plate for the motormen.

The Kennedy team managed to get its sole run in the bottom of the seventh with a base hit from Gary McKnight. A hit from Roy Burk brought the runner home.

Mark Schell was the winning pitcher with Brian Mulholland taking the loss.

In the team's rematch, the Kennedy team came on a little stronger only losing 5 - 2 to the motormen.

The Kennedy squad was quickly put out to field in the first inning with the first three batters going out.

Curry's motormen didn't get on the scoreboard in the first inning either, but Kennedy's Gary McKnight put the team in the lead with a homerun in the top of the second.

No other runs were scored until Jeff Carpenter started off the scoring.

Following Carpenter across the plate were Ron Perrin, Mark Schell and John Parish.

Kennedy's team marked up its final score in the top of the fourth with a run from Murray Kuno.

Curry's motormen wrapped up the scoring in the bottom of the fifth with a run from Paul Wilson.

Winning pitcher was Mark Schell with the loss going to Gary McKnight.

Haliburton defeats Minden on losers' errors

by Helen Burk

Monday, July 7 saw three games in the Haliburton County ladies softball league.

In the first game Haliburton hosted the Minden Juniors in a close game. The teams were evenly matched until the fifth inning when the home team got some timely hits along with the Juniors' errors to come up on top 17 - 7. Nancy Maughan was the winning pitcher while Cheryl Dillon took the loss.

In West Guilford they hosted the Minden Seniors in another close and exciting game. In the fifth inning West Guilford had a 9 - 8 lead and threatening more when Andrea Burk came in to relieve Nelda Cully and shut the Guilford team out after that. Minden went on to win 15 - 9. The Seniors were led by Marg Fielding, Barb Barnhart and Deb McKann had a perfect night at the plate. West Guilford had a strong night from Linda Sisson and Gail Teasdale. Andrea Burk was the winning

pitcher while Joan McKay took the defeat.

Also on Monday night, the Snowdon Stompers were hosted by Wilberforce. These two teams battled back and forth for the win with Wilberforce coming out on top 18 - 17. Wilberforce got strong batting from Lyn Storey, Gail Krupla and Susan Rowbottom, while Snowdon had a good night from Lorraine Carpenter, Kathy Gartshore and Colleen Bacon. Susan Rowbottom got the win while Anne Burk took the loss.

Tuesday the Wilberforce ladies played in Minden. The Seniors got ten runs in the first inning and then coasted to an 18 - 10 victory. The Minden team was lead by Patti Vasey, Nelda Cully and Andrea Burk. Cindy Agnew got a home run for Wilberforce. Andrea Burk got the win while Susan Rowbottom took the loss.

Andy's Angels hosted the Gooderham ladies and the Angels trounced their visitors 52 - 11. Debby Swanton and Sue Cooper having a good

night at the plate for the Angels.

Jane Wilson brought in four runs for the Snowdon team with a grand slam hit. Eileen Simmons was the winning pitcher.

Wednesday night Carnar-

von travelled to Lochlin to take on the Stompers. Marg Darby led the Stanhope team with two home runs while her sister Cathy pitched the 22 - 7 win. Lorraine Martin took the loss.

Thursday night Stanhope

hosted West Guilford. The Darby girls led the way for this one and helped win the game 11 - 6. Marg Darby got the win while Joan McKay took the loss.

Snowdon Angels played in Gooderham and the Angels

won 25 - 14. Jane Wilson and Debby Swanton had a good night in the batter's box with Swanton pitching the win.

Thursday night the Haliburton ladies travelled to Minden to take on the juniors. The Haliburton ladies came

up on top 17 - 14. Nancy Maughan got the win while Cheryl Dillon took the loss.

Standings: Carnarvon, P16, W14, L1, T1, Pts.29; Haliburton, P16, W12, L4, Pts.24; West Guilford, P16, W11, L5, Pts.22; Minden Srs.

P15, W10, L4, T1, Pts. 21; Minden Jrs., P17, W8, L8, T1, Pts.17; Andy's Angels, P15, W5, L9, T1, Pts. 11; Wilberforce, P16, W4, L12, Pts. 16; Stompers, P16, W3, L13, Pts. 6; Gooderham, P16, W3, L13, Pts. 6.

County fair board

from page 3

if just the lawn bowling club and the fair board were involved, instead of having to look to the township's administrative committee for guidance on small matters.

"My feeling is, it would simplify it if the fair board took over the day-to-day administration," councillor Stu Brandon, who is a member of the administration committee, agreed.

Council passed a resolution to hand the administrative responsibilities over to the fair board and also disbanded the administrative committee.

Adult and child swim course may be dropped if participation not up

The adult and child swimming program in Minden may not be carried on another year if participation in the August course is not increased.

As of last Wednesday only 12 swimmers had registered for the municipal sponsored program.

"If it is a failure this year, we won't do it again," Anson, Hindon and Minden reeve Sinc Nesbitt told council.

He said organizers were hoping about 25 to 30 parents and children would be interested in taking advantage of the program. Three students have been hired under a grant to instruct the swimmers.

Council decided to run newspaper advertisements closer to the starting date in hopes of encouraging more participation.

Second chance:

Good weather and an enthusiastic crowd helped make the second Stanhope fly-in and airshow a well-earned success

Organizers of the Stanhope fly-in and air show, part two, were asking themselves this week why the good weather that shone down on the show Saturday afternoon couldn't have been around on June 15, when the show was originally scheduled.

But they were satisfied that the second effort went as well as it did, despite the fact that some of the acts scheduled for the first show in June were unable to make it to the second effort.

Chairman Stan Moore said he felt the day's events went well.

"Considering that it was a second shot, we're satisfied," he said in an interview Tuesday. "Everyone who was there seemed to enjoy it."

Hundreds of people were on hand for the show, which began right on schedule at 5 p.m., after a day that had included a flea market on the airport grounds.

Opening the show was fly-past by a painstakingly restored Grumman Avenger torpedo bomber owned by the Canadian Warplane Heritage. The huge, single engine craft that figures in many of the most important naval battles of the war made both slow and high speed passes before turning over the air to members of the Toronto Parachute School. Precision landings right in front of the crowd by the three jumpers riding spectacularly coloured parachutes brought appreciative applause from the audience.

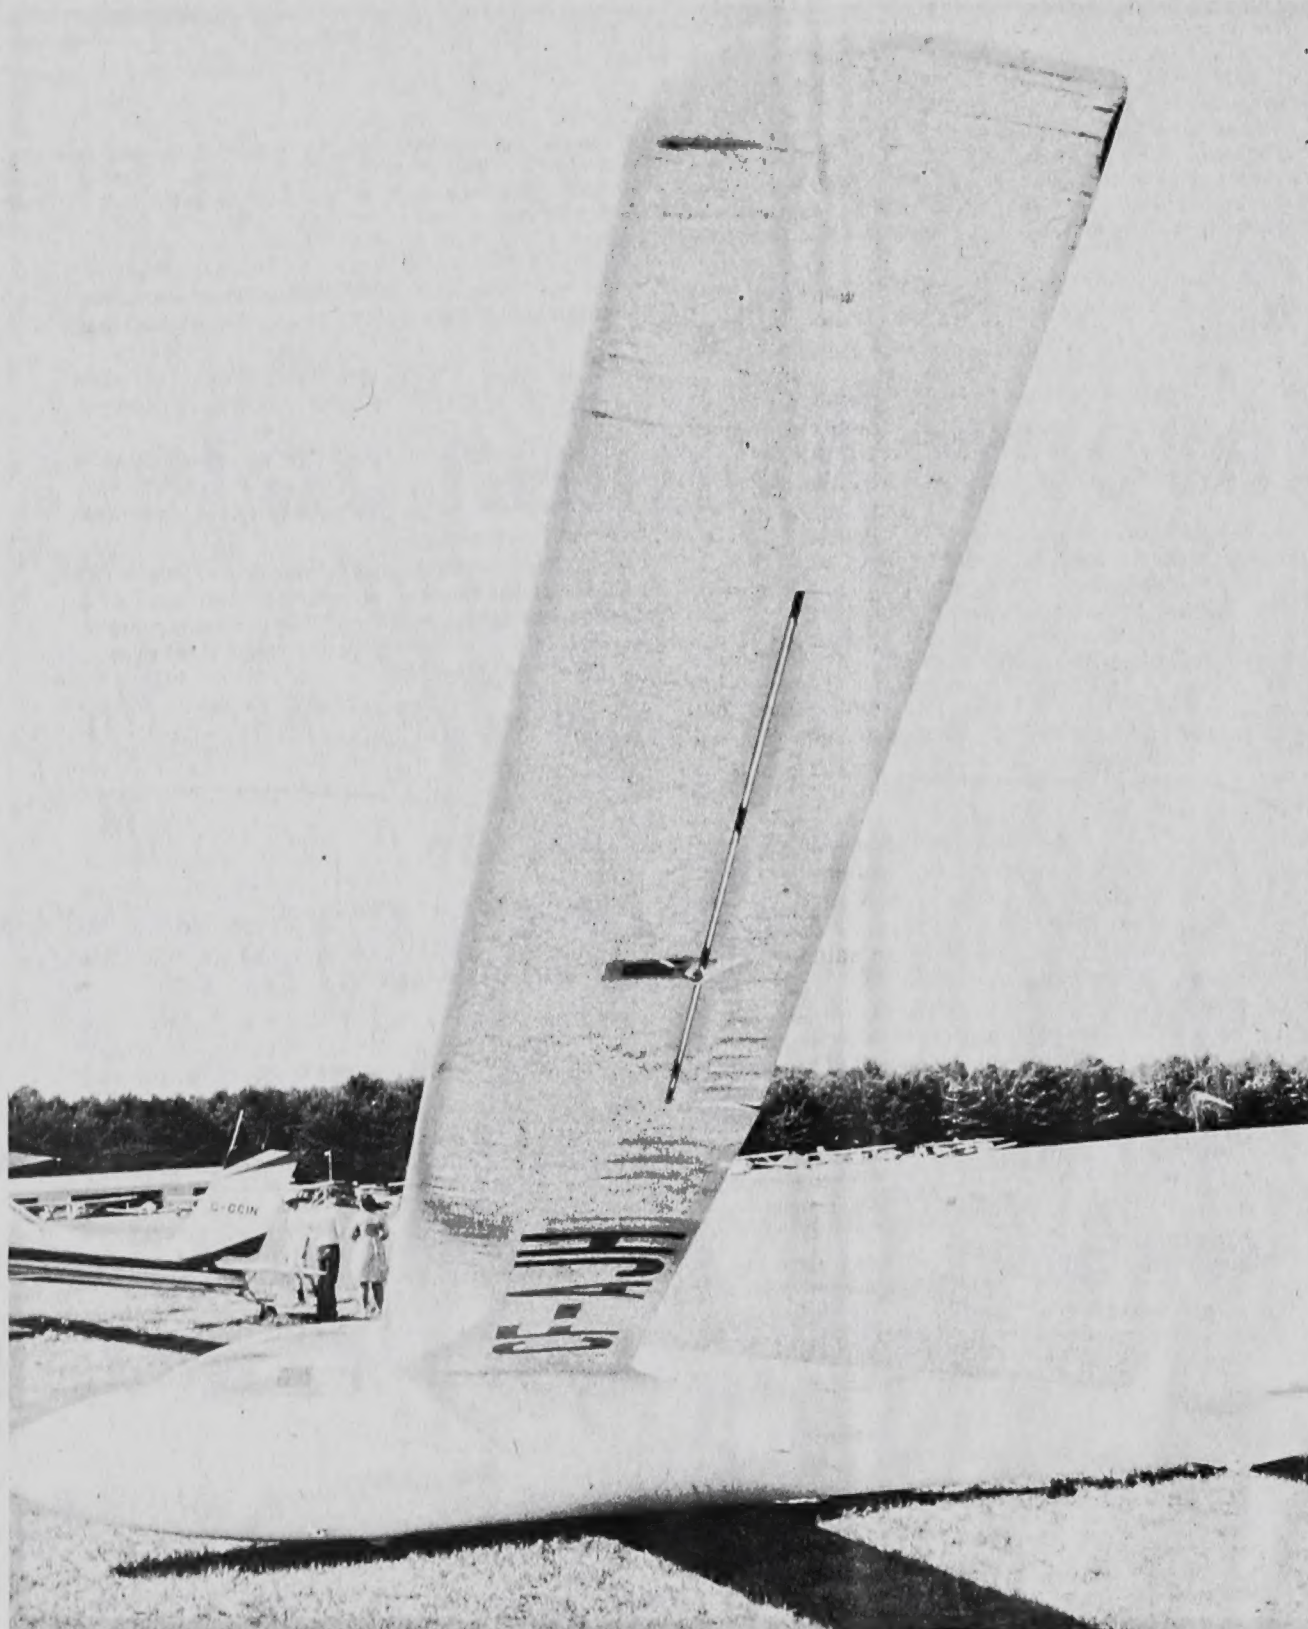

Next up was master sail plane pilot Karl Bunder, who performed aerobatics to music, and later in total silence, with only the whistle of the wind over his wings for accompaniment.

Precision aerobatics by a radio controlled model aircraft was another highlight of the afternoon's program, and it was followed by demonstrations of the short take-off and landing capabilities of a Polish designed Wilga aircraft built in Peterborough by Airtech Canada.

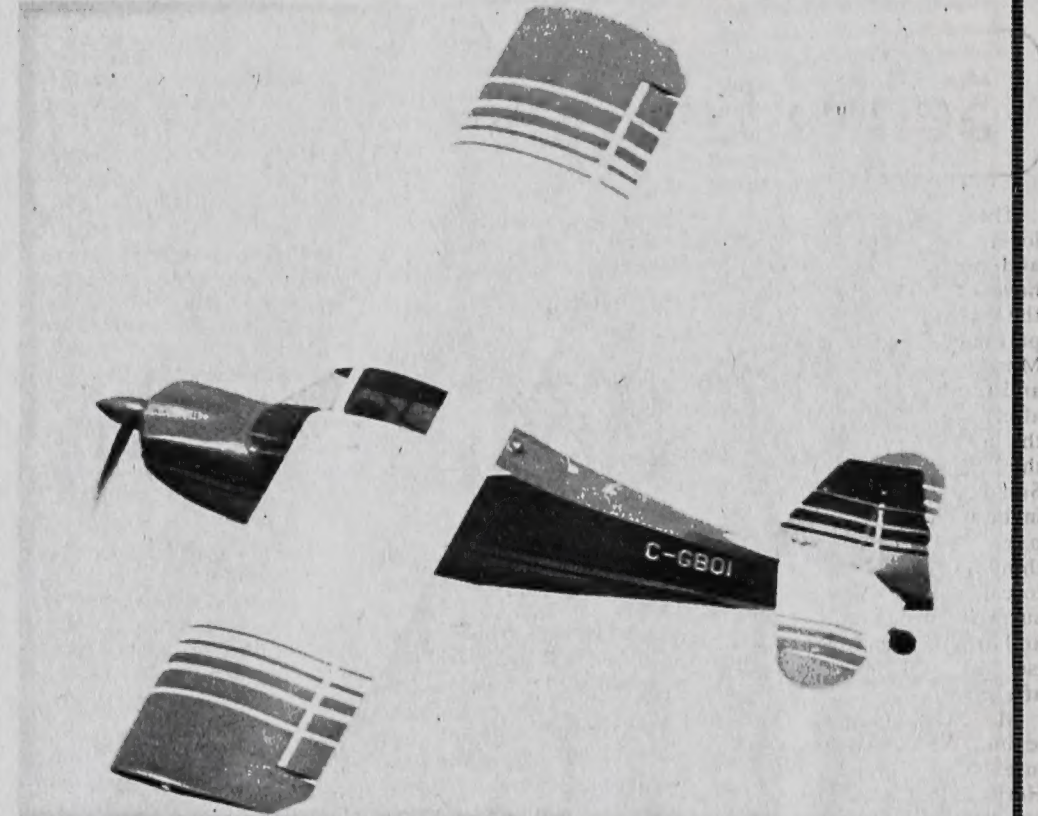

Dr. Gerry Zimmer was also on hand for a repeat of his June 15 performance in a home-built gyro copter. Hand-built at a cost of \$3,500, the craft could travel at more than 75 miles an hour or come close to hovering like a helicopter.

Nick Daniel brought gasps from the crowd with his daring aerobatic performance in a Champion Citabria, a two-seater high wing plane not unlike a Piper Cub. Lacking an inverted fuel system, the plane's engine coughed several times as Daniel wrung it through loops, snap rolls, hammerhead turns and slow rolls, but happily, he handled it with confidence and brought it back safely to the ground.

Rounding out the full afternoon of excitement was a free fall by the parachutists who had opened the show. The three joined hands to form a triangle and fell linked for several seconds before moving apart and pulling their ripcords and descending to another perfect stand up landing in front of the audience.

COUNTY ECHO FAMILY

Senior League

by Linda English

The weather has been lovely and sunny this week and many of our residents have been outside enjoying the sunshine as well as taking part in our regular activities. Monday morning we had fun and fitness, and later in the afternoon the ladies went to the bazaar. The annual Summer Bazaar will be held in the auditorium, July 18 at 2 p.m. There will be lots of things to buy and good things to eat. There will also be a surprise attraction. Come and bring a friend, we promise you will have a nice afternoon.

Monday evening was movie time. We viewed three very interesting films. Forest Heritage told us the history of our pulp and paper industry in Canada. We saw how our ancestors worked with broad axes and muscle power. Today, modern machinery makes the work easier and 1/10 of the world's paper is produced in Canada. Legoland, took us on a tour of a village made entirely with Lego blocks. The village is located in Denmark, and is a great tourist attraction. 3/4 of a million guests visit Legoland each year. "Detergents" told us how the many different kinds of soaps are made. It was interesting to note that the detergents we use every day are made from crude oil.

Tuesday morning, Mr. Bill Home, a student minister from the Gospel Church in Minden, held an inspiring service in the chapel. Mr. Fred Ballard played the organ for us while we sang some gospel hymns.

Later in the afternoon, we had a game of bingo in the main lounge. There were quite a few lucky winners of tokens which can be cashed in at the Tuck Shop.

Wednesday at noon everyone went outside, and had a barbecue lunch. Mark Schell turned out hamburgers and hot dogs and served ice cream cones for dessert. Everyone enjoys the barbecues, and

we're going to try to have them often this summer, weather permitting.

The ladies from Lutterworth Pines brought an assortment of squares, tea breads and cheese for the Thursday tea party. Our thanks to these friendly ladies for making our afternoon very enjoyable.

It was a pleasure to have Grace Coburn and Norma Barron entertain us at the sing song on Friday afternoon. Mrs. Osler and her son dropped in for the sing song, and it was a delight to listen as Mrs. Osler, who is 97 years old, played a few tunes on the

piano for us.

Saturday afternoon we loaded the bus and went to the Stanhope Air Show. Our residents thoroughly enjoyed the whole show, and were enthused with the lovely grounds and the hospitality shown them. We had front row seats waiting for us and we were able to see and hear everything. A special thank you to Ella Gilles for making our residents comfortable. Everyone enjoyed a picnic lunch prepared by our kitchen staff before the show. It was a beautiful day, the show was great, and it was a nice way to end the week of activities at Hyland Crest.

Dr. Lindsell will speak at 41st bible meet

The 41st annual summer Bible Conference ministry in Bobcaygeon will be highlighted by the visit of internationally known Dr. Harold Lindsell as speaker. He will address conference audiences in Trinity United Church, Bobcaygeon, beginning Wednesday, July 23 through Sunday, July 27. The week-night meetings are at 8 p.m. with the concluding Sunday evening meeting at 7:30 p.m. each evening preceded by a hymn sing. There will also be special music each night.

Dr. Lindsell is Editor Emeritus of 'Christianity Today', international Christian magazine. He has written 15 books and been an ordained minister for 36 years in the Southern Baptist Convention, and has spent some 17 years on the faculty of Fuller Seminary in California. Dr. Lindsell will speak on "Crucial Problems Facing Evangelists".

While in Bobcaygeon Dr. Lindsell will also address the monthly Men's Breakfast in Trinity United Church on Saturday, July 26 at 8 a.m. Sunday morning he will preach at Knox Presbyterian Church, Bobcaygeon at 11 a.m.

The K L B C-sponsored children's program will take place in the same week, from Monday, July 21 to Friday, July 25 each morning at 10 a.m. in the Fellowship Baptist Church. Local pastors and their wives, Al Piper and Cal MacInnis, will provide the leadership for this event. Children from four to teens are invited to attend and share in Bible teaching, quizzes, singing, games, contests and lots of fun. There will be a special missionary story and the children will be able to contribute to a special mission project.

County's people remembered by Helene

by Sue Cooper

Although Ontario is very similar to Sweden in many ways, Helene Hellquist will remember Haliburton County for its friendly people when she returns home.

Helene, a Rotary exchange student from Sweden, came to the county on December 16 and will be returning to her home on August 10. During that time she has been billeted at Haliburton Rotary members' homes, including Ken Langdon, John Beachli, Bill Emmerson, John Bruce and Gerald Dawson's home.

"It's an experience to get into a family's lifestyle. They all have different values and you have to figure out what they are, within your first week," Helene says.

When she returns home to her family and friends, Helene says the first thing she will tell them is how nice the people are.

"It would have been a lot easier for them not to care," she said on Friday.

While in the county Helene attended secondary school, taking subjects that are not available in Sweden. The subjects she chose were Canadian history and geography, two English courses, physical education and typing. Helene said she could take mathematics anytime.

She was not graded for her work at the high school and will be completing half a year of schooling before trying to get accepted into

medical studies at a university in Sweden.

One of Helene's favourite pastimes at the school was her participation in team sports and track and field.

Team sports at the secondary school level were new to her as the city where she lives, Uppsala, organizes all team sports.

Helene says she thinks it is more fun to participate in school team sports but didn't think Swedish teachers would be willing to stay after classes for practise.

Teaching techniques also vary between the two countries. In Sweden they use a system somewhat like progressive testing and all exams are country-wide to keep education at the same level even in isolated communities.

"I'd never written an essay before," Helene said. Also instead of being marked from one to 100 like Ontario students are, Swedish students are given marks ranging from one to five. Five would be similar to 100.

One noticeable Canadian trait Helene pointed out was the amount of desserts and white bread which we eat.

In Sweden, Helene said they eat a rye bread that is almost like a biscuit.

And yes, we use our cars more than they do in Sweden. Helene said it is much easier to get around in the cities with a bicycle or on the bus

because the downtown core is closed off to vehicular traffic.

Even though cross country ski enthusiasts have been trying to bring the sport into its own right, Helene says it is a long established family sport in Sweden.

She did try her hand at one of Canada's more popular winter activities, snowmobiling, but found it slightly uncomfortable.

"It was kind of cold because you don't move, but it was fun," she said.

Although her native tongue is Swedish, Helene took English at school in her homeland.

When she arrived in the county Helene had a little trouble understanding our English because we spoke very fast and our accents also distorted the sounds.

While at the school, Helen also took advantage of trips to Washington, D.C., Quebec, Niagara Falls and Ottawa on a Rotary program. She was also able to stay for a week in Toronto with a Haliburton girl who is attending university there.

Helene also noted that religious tradition was very strong in the county compared to her native land. She said many families attend church more regularly than they seem to in Sweden.

In Sweden, Helene's father is a dentist, her mother a teacher and she has a brother and sister.

NON-SMOKERS CAN BREATHE EASY ON INSURANCE

If you don't smoke, the chances are we can save you money. As an agent for Maplex General Insurance, we offer lower-than-average rates on car insurance and on homeowner and tenant policies. Why the savings? Because statistics prove non-smokers are generally more responsible people. So why should they get burned on their insurance?

Galway/Cavendish meet to discuss road allowance

At the most recent meeting of Galway/Cavendish council, the following matters were discussed:

Members of the 66' Road Allowance Committee attended the meeting to discuss with council their responsibilities and duties involved in the deeding back of the 66' shoreline allowance as defined in the "Terms of Reference" for the committee that was adopted by council.

The terms of reference for the Road Allowance Committee were approved as presented.

All committee members will receive the township committee fee rate (\$32) for all meetings called by the chairperson plus mileage at .25 cents per mile or 15.5 cents per kilometer from their place of residence in the township.

General voucher for the month of June in the amount of \$131,735.69, was approved for payment.

Road voucher of \$20,386.14 was also approved.

A resolution from the Town of Latchford regarding the bussing of school children was tabled.

Councillor Stuart was asked to view Tom Sully's land in regard to his application for a minor variance to erect a garage on Part Lot 25, Concession 10, Galway, and submit his recommendations at the next regular council meeting.

A minor variance will be granted to A.D. Clarry, Lot 19, Concession 4, Cavendish, if and when a written letter of consent to the minor variance is received from the adjacent property owner and the building inspector authorized

to issue a building permit if and when the consent from the adjacent property owner is received.

The reeve was authorized to sign a renewal agreement with the Ministry of Natural Resources for the Municipal Parking Area on Part Lot 18, Concession 18, Cavendish Township for the period July 9, 1980 to July 8, 1981.

Council certified that Restricted Area By-law 79-3, passed by council the 27th day of January, 1979 is in conformity with the Official Plan of the North Kawartha Planning Area as approved and in force as of the date of passage.

A Mr. May, lawyer representing his clients, property owners in the area of Plan 3, Lot 11, Cavendish known as Camp Catchacoma, attended the meeting to be present when Mr. Faulkner, President of Camp Catchacoma presented to council his written submission to support the Tourist Commercial zoning for the subject property.

Council reaffirmed that Lot 11 of Plan 3, Concession 5, Cavendish Township be zoned Tourist Commercial as depicted in Zoning By-law 78-43, Schedule 'G' and the clerk was authorized to forward this decision and all submissions made by the interested parties to the Ontario Municipal Board along

with excerpts of council minutes of where the interested parties attended to discuss this matter with council.

Council cancels park work

Bowing to pressure from nearby cottagers, Stanhope Township council has decided not to develop a park on the south end of Kushog Lake. At a meeting last Wednesday, adjacent property owners presented a 50-name petition calling on council to reconsider plans to make a public access point to the lake in the area of Concession 2, Lot 3.

"We don't think it's a suitable property for a public access," cottage owner John Fialka told council. He said the bay in front of the municipal property is shallow and unsuitable for swimming. He also predicted the park would create problems of noise, garbage and vandalism, reducing the value of his and other nearby properties.

Council had no hesitation in agreeing with Fialka's argument, and resolved that

no further work would be done on the site for the duration of the present council.

A by-law to amend restricted area By-law 78-43 was passed.

A by-law to amend By-law 80-15 was also passed.

Minutes of the Galway and Cavendish Culture and Recreation Committee meeting held June 17, 1980 was

accepted as presented.

Minutes of the Roads Committee meeting held June 27, 1980 were adopted as presented.

Minutes of the Fire Committee meeting held June 17, 1980 were adopted as presented.

Minutes of the Health and

Sanitation Committee were also adopted as presented.

The order to remove the partially constructed boat house of Mr. Paolitto on Lot 21, Concession 12, Galway Township was extended to no later than July 22, 1980.

Mr. Woodcock, a lawyer, and his client Mr. Hill attended the meeting to discuss

the "stop work order" that had been placed on Mr. Hill's property in the summer of 1979. Mr. Woodcock suggested several areas that council might consider in order to allow Mr. Hill to construct his enclosed deck. Council reaffirmed their position as stated in Resolution 80-181.

From the Chamber

from page 5
purchase them.

Railroad Hearing Postponed

Finally reacting to a considerable amount of pressure placed on them by County Council and the Municipality of Dysart the Railway Transport Committee has agreed to postpone their hearing in regard to the C.N.R.'s application to abandon the railroad. The hearing originally was scheduled for July 22 will not take place sometime in September, hopefully right here in Haliburton County.

The additional time that we now have to prepare our case for this commission should be well used. It is hoped that the feasibility study for the steam locomotive train will be underway or complete by that time and some information from that study may be included in the submissions. Glen Hodgson, chairman of the Haliburton County Economic Commission, last week appealed in a Letter to the Editor to have members of the general community communicate with the commission and provide them with input that would help them in formulating their briefs. Members of the public of course are also welcome to prepare their own brief and submit it in September. Whatever route you may wish to follow let us give this concern a very serious thought and be well prepared when the time comes.

New Marketing Plan Established

The Board of Directors of the Chamber of Commerce met last week and finalized the marketing plan for the 1980-81 year. The marketing plan is a completely new approach to promoting Haliburton Highlands and our tourist industry and details of it will be provided to the members of the Chamber shortly. Everyone agrees that it is a very good plan, and it is also a very ambitious one. For that reason we will be beginning to collect advertising to support the plan this summer to allow us more time to put everything together in a more professional manner.

We know all of you are very busy this summer and we do hope you will take a few moments out from your busy schedule to look over the options offered to you in this plan when it arrives in the mail. It means a lot to all of us.

DISTRICT NEWS

Kinmount Korner

by Millie Moss

About ten teams played in the lob ball tournament held at Ward Memorial Park in Norland last week, ending up with Norland taking top honours and winning the prize of \$150. Kinmount won the consolation prize of \$100. Heartiest congratulations to all of you.

The Kinmount Ladies' Orioles softball team won out over the Norland ladies in Kinmount, Monday night, with a score of 17-13. As I live in Kinmount, but have a daughter-in-law who plays for Norland, I'm kind of caught between but, what the heck - way to go girls!

Father Hart is in Kingston, Ontario for a few days this week.

Quite a large crowd showed up for bingo at St. Joseph's Hall in 'Caygeon on Monday night and for awhile it looked like there may have been trouble seating them all but all's well that ends well.

That was quite a rainfall on Tuesday morning. Our cavestrougs couldn't hold all that water and it was pouring down past the windshields like watersheds.

Even though Yvonne Dyer is not at all well these days, I hear she's boarding a plane for England on Tuesday or Wednesday morning. I hope it's a wonderful trip Yvonne and come back home healthy.

Bill, Lorrie and Jason Moss, Norland, spent five days at the summer home of a friend at McKellar this past week.

I'm kind of jumping the gun on this one but it's nice anytime and called "Pumpkin Harvest Loaf" - 3 1/2 cups of flour, 2 tsp. baking soda, 1 tsp. baking powder, 1/2 tsp. salt, 3/4 tsp pumpkin pie spice (or 1 tsp. each of nutmeg, allspice, cinnamon and 1/2 tsp. cloves), 3 cups sugar, 1 cup of cooking oil, 4 eggs, slightly beaten, 2 cups cooked or canned pumpkin, 2/3 cups water, 2/3 cup each: chopped nuts and raisins. Sift together flour, soda, baking powder, salt and spices. In a separate bowl, cream together the sugar and oil; add the eggs, pumpkin and water, mixing well. Stir the flour mixture into the pumpkin mixture until just blended. Do no overmix. Stir in the raisins and nuts. Turn batter into two well greased and floured loaf pans. Bake at 350 degrees F. for 1 1/4 to 1 1/2 hours or until toothpick inserted into centre comes out clean. Makes two loaves. Keeps moist for a long time! If you have any hints or recipes you'd like to share, feel free to give me a call.

Visitors at the home of Mary L. and John Pyke, Norland, on Tuesday, were Bev Graham, her mother, Mrs. Kipp and her aunt. Later in the day, Mr. and Mrs. Walter Oxtan of Deep Bay Rd. stopped by for a short

visit. Bill, Lorrie and Jason Moss visited a sister-in-law and her family in Port Perry this week.

I was the recipient of a phone call one day last week asking if I'd like to drop by a wee shop and have a look around. Well today was the day I got around to it and I was very pleasantly surprised. It's just a tiny cottage which is situated two miles north of Norland on highway 503, sits in behind a large rock cut. A craft shop; it's called aptly, "We, Us & Co." is owned by Barb Chynoweth. I was warmly greeted by Mrs. Hilda Chynoweth, the mother and she told me she has four daughters who all help out with the shop. One daughter crochets, one knits, one makes dolls and quilts and the other does dry kem and leather work. Mrs. Chynoweth had a son out front when I arrived, very busy, building a new set of shelves to fit inside the shop. They have an absolutely beautiful stock of hand-made quilts, dolls, afghans, baby sets, cushions, knick knacks, all kinds of lovely gifts for baby showers. In the leather craft there's wallets, shoulder bags, key purses, moccasins, book marks and lots more. There's lovely macrame hangers and Hilda makes beads and they are sitting in a basket so you can really have a good look. Speaking of baskets: there's a number of fancy ones there. A whole rack of new and used paperback books and lots of tourist information in paper form, can be picked up there. Ceramics are also to be had and even some candies and dried flowers. Why not drop in there and say hello when you're down that way? I think, as I said before, you may be pleasantly surprised.

Four of us, driving north on #35 highway, Tuesday night, came upon a beautiful deer who obviously was frightened by our lights and stopped dead still, on the road, facing in to the shoulder of the road. We stopped and the deer turned and very nonchalantly trotted back to the other side of the road and in onto someone's property. That makes three I've seen in the last few months on the roads.

The Kingston District Clergy golf tournament was played in Kingston this week with Father Raymond Hart being "top man" with a score of 80 for the low gross in 18 holes. We have nothing but champions in Kinmount. Congratulations to you Father!

I enjoyed a chat with Jane Sendzimir, who phone me from Conn., U.S.A., Wednesday morning. Jane and her husband, Michael, who is currently in Paris, France, are a summer family on Deep Bay Road.

The lob ball tournament

will be held at the fair grounds in Kinmount, on Saturday, July 26 beginning at 9 a.m. The runners-up will play the next day. Should be fun!

Many happy returns to Miss Heather Bowron of South Lake Road who celebrates a birthday this week. A surprise birthday party at this moment, is being planned for Jack Shedd on Crystal Lake Road, to be held Saturday so by the time this is in print the happy occasion should be a thing of the past. Happy birthday to all you July people.

I hear the Pickfords will be at Jack's birthday party.

I enjoyed a short visit with Joanne Bowman in Kinmount on Wednesday. I hope your girl is feeling much better by now.

Father Hart dropped by our house for a short visit on Wednesday.

Bill and Win Wilson spent Thursday in Fenelon Falls and Lindsay.

Saturday, July 5 my husband took the urge to go to Toronto for a few days so off we went with intentions of a rest and friendly visits. While there we received news of daughter Bonnie's father-in-law being rushed to hospital with a second heart attack. On Sunday evening we attended the funeral service of a good old friend whom we haven't seen in nine years. Bill and I were matron of honor and best man the day she and her husband John were wed and we had a nice "party" afterwards at our house, just the four of us and our two children. Alice always looked on me as the daughter she never had and yet when she needed someone she was almost alone. To Mrs. Jean Donison and her young son Michael of Toronto, many thanks for apparently being the only friend she had for a very long time and for taking upon yourself the big responsibility of the arrangements that had to be made.

Then, our daughter took me to meet her friends and while there a phone call to announce the illness and hospitalization of the friend's mother-in-law came. About this time I was beginning to think about coming back to Kinmount "for a rest and friendly visits". I went to Peterborough on the way back home and arrived feeling not too rested and not too friendly. All is back to normal now though.

Tourists are out in full force at the bingos: Monday, St. Joseph's Hall, 'Caygeon; Tuesday, Kirkfield Lions, Wednesday, 'Coby Lions, Thursday, 'Coby Legion and Friday, Kinmount Legion.

Eleven tables of euchre were played at St. Patrick's in Kinmount this week and the end result was ladies' high:

Farm News and Views

Victoria County is honoured in having the opportunity to host young people from outside the province for the past week.

Two young farmers from the United Kingdom are visiting with Junior Farmer families in the area. Rod Marsen from Staffordshire, England, is staying with the Olivers' at Bobcaygeon. Alison Stewart of Tayside, Scotland, is a guest of the Jack Magahay family of R.R. #5, Lindsay.

Victoria County is also taking part in Inter-Provincial 4-H Exchange. Beverly Moon from Williams Lake, British Columbia is visiting with the Herman Rodman family of R.R. #2, Little Britain and

the Ross Chambers family at R.R. #1, Oakwood.

In talking with these young people, we find that their experiences with agriculture are different from ours.

Land in the United Kingdom is farmed extensively. Crops are heavily fertilized. One hundred bushels to the acre for barley is common. Farmers are very conscious of land use. Swamps and wetlands are drained. Regulations for severing land and putting up buildings are quite strict. Sheep, beef and dairy enterprises are common. The main crops grown are barley, oats and potatoes. Most farms have a combination of enterprises. Agriculture at Williams

Lake, B.C. is limited to beef ranching with little cash cropping. There are many lakes and hills in the area. Williams Lake is about 150 miles south of Prince George. Logging and mining along with ranching are the major industries in the area. South-

ern British Columbia is well known for its fruit production.

We are privileged to have 4-H and Young Farmer delegates visiting with us. We can learn about agriculture and rural life in other parts of Canada and the world.

Carnarvon News

Congratulations are extended to the newlyweds, Lynn and Larry Watson (nee Barnhart) who were married on Saturday, July 12, 1980 at Zion United Church here in Carnarvon. They will reside

in Peterborough on their return from a honeymoon trip to the west coast.

Keep in mind the Stanhope Fun Days is to be held on Saturday and Sunday, July 26

Gooderham News

by Mary Hadley

Stephen Smith and his fiancée, Janice Fredericks, of Halifax, Nova Scotia, were guests of Stephen's parents, Mr. and Mrs. Vincent Smith, Wolf Lake, Gooderham. On Saturday, June 28, Stephen and Janice were married at St. Margaret's of Scotland, in Wilberforce. The attendants were Mr. and Mrs. Elgin MacDuff, Gooderham. The bride's parents, Mr. and Mrs. Bernard Fredericks, flew in from Halifax for the wedding and were guests of the Smith's. A wedding dinner was held at the groom's parents' cottage.

Margaret and Paul Scholes, with their little son Kevin, were guests of their friend, Leslie Fotheringham, at the home of his parents, Mr. and Mrs. Bob Fotheringham.

The community was deeply saddened to hear of the untimely death of Bert Madill, eldest son of Mr. and Mrs. Gordon Madill. Sincere sympathy is extended to his sorrowing family.

Mr. and Mrs. Tom Kendall, Laura and Robbie, were weekend visitors with their parents, Mr. and Mrs. G. W. Barr and Mr. and Mrs. Bill Kendall.

The many friends of Walter Madill are happy that he has returned to his home following hip surgery at St. Joseph's Hospital, Peterborough. He looks wonderful and reports feeling in excellent shape. Although he must use crutches for a few weeks yet, he is driving his car and climbing stairs. Keep up the good work, Walter!

Weekend visitors of Mrs. Grace Billings were her son and wife, Mr. and Mrs. Leslie Billings and two children of Lanark, her grandson and wife, Mr. and Mrs. Jim Martin and two children of Onemee.

Mrs. Grace Billings was one of a group who enjoyed a three-day bus trip conducted by Maurice Bradley over the holiday weekend. They drove to Cochrane where they spent the night. The next morning they proceeded to Moosonee, on James Bay, by train. From here some of the party travelled by boat to Moose Factory. They report the trip as

interesting, informative and very enjoyable.

Tamarack Park is Glamorgan's only trailer park. It is a new, well-equipped camp with modern facilities, shuffle-board and all kinds of sports equipment which should make it a popular camping spot. Last week the lights went on. Since it was just opening, there was only an odd trailer here and there to witness the scattered lights. But to the Winders of "Winder Wheel Sites" it was a real thrill. One remarked it was almost like standing on Golden Gate Bridge and watching the lights go on over San Francisco. The project has involved much planning and work. Our best wishes to the Winders for many years of success in their venture!

Mrs. Storey, with her daughter, Mrs. Rose Surplis, is holidaying at her cottage on Pine Lake and visiting her daughter and son-in-law, Mr. and Mrs. Ivan Hunter. Also holidaying with their parents, Mr. and Mrs. Ivan Hunter are their son, Lorne, his wife, and three sons, the youngest being three-weeks old, Lorne Ivan.

Now that school is out for the summer, the children are engaged in many activities to replace school routines and add to a summer's enjoyment and healthfulness. One group meets at Day Camp in the Gooderham School each day from 9:30 a.m. to 3:30 p.m. where Tammy Dewey and Cheryl Hillis lead in fun and games. Fifteen have already registered with more registrations expected this week. Forty-six have registered for swimming lessons where Bruce Payne instructs them on Aldridge Hunter's beach. These include children from age four up to and including adults. There are seven classes consisting of two classes of pre-beginners, two of beginners, one of novice, one of survival and junior, and one of senior and intermediate. There seems no lack of enthusiasm there.

At the library, story hour began Friday, July 11, and will continue every Friday from 11 a.m. to 12 a.m. On Friday, July 18 at 10 a.m. the

Deck Hands will present a puppet show to which all are welcomed. Pastor and Mrs. Sauve are leading boys' and girls' youth groups on Tuesday and Thursdays. Last Wednesday, Mr. Bob Stark was leader for a ball game for teenagers, followed by a swimming party at Bear Lake Park. So the holidays should be full of worthwhile recreation. A sincere thank you to the leaders who do a marvelous job in this work!

On Thursday, July 10, Andy's Angels of Irondale met the Gooderham Tigers on the home diamond. Lynn Graham, on the mound, pitched a good game for Gooderham. Next home game is July 17 when the Gooderham ladies meet the West Guilford team.

The annual Coboconk Lions canoe race drew a large number of participants Saturday, including these two experienced paddlers, who bring their craft into shore after a hard fought trip around the course.

experienced paddlers, who bring their craft into shore after a hard fought trip around the course.

Chatting with Irene

by Irene Moore

Right now I feel like the lazy farmer, but I sure am enjoying the lazy, hazy days of summer. What wonderful weather for those on holiday. I sure hope it continues for now that the ground is drying up a bit I find I have a lot more gladiolus coming than I figured I'd have. There for a time I was sure I'd have none because the ground was flooded, but by the help of the sun, plus a lot of hard work putting trenches around, I managed to get the land so that those bulbs took heart and started to grow. Now to save them next month from Mr. Frost. Ho-hum the work never quits.

Mr. and Mrs. Ron Welch and Heather of Frankford recently spent some time with Ron's mother Mrs. Edith Welch.

Inflation is when, after you get the money to buy something, it isn't enough!

Mr. and Mrs. Keith McKay of Scarborough visited with Mrs. Ethel Harrison one day last week.

Events still coming up this week are - July 17, 10 a.m. puppet show at Firehall; July 18, bazaar, strawberry tea, bake sale, etc. at Hyland Crest Home; July 19 - annual

bazaar and bake sale, tea room, thrift shop and draw for quilt at St. Paul's Parish Hall, 10 a.m. - 4 p.m.; July 19 - Art show and sale at Hyland Crest Home, 2 - 5 p.m. Proceeds go to the library-art gallery fund.

Mr. and Mrs. Paul Chouinard visited at Bud Stamps on their way home to Kapuskasing.

Life consists not in holding good cards but in playing those you do hold well.

Mr. and Mrs. Bruce Castor of Etobicoke and Mr. and Mrs. Jack Taylor of Barrie were recent visitors with Mrs. Beatrice Taylor.

Georgina Boyle of RR 1, Minden was one of the three Ontario winners in the recent Red and White contest for the trip to Los Angeles. Her ticket was one of those sent in by Minden Red and White.

Recent visitors with Mr. and Mrs. Milt Sears were Mrs. Hazel Sears of Dorset and Mrs. H. Lovegrove and Angela McKay, both of Hamilton.

While "Story Time" is on at the Minden library from 10 a.m. to 11 a.m. on Monday mornings the library will also be open for those wishing to get books. This morning hour will only be for the next five weeks.

Phil and Florence Robinson had word from son Brad who was enjoying his visit in

Rome, Italy. Brad has seen a lot of Europe but expects to be home before the end of July.

"Attention" all horticultural members. It is hoped you will be able to provide plants, plant slips, flowers and vegetables for your booth on the bank corner July 30, for Rotary mall. Proceeds from the booth are for horticultural society.

Mr. and Mrs. John Bumister of Mississauga and Mrs. Hugh Vasey have been visiting with Mr. and Mrs. Mark Vasey.

Warm enough that you don't want to cook? Try "Corned Beef and Chicken Toss" (serves 4). 8 slices (cut in strips) canned or leftover corned beef; 1 cup (cubed) canned or leftover chicken; 1/2 cup minced celery; 2 tsp. minced parsley; 1 small onion grated; 1/2 cup mayonnaise; 1/4 tsp. dry mustard. Combine mayonnaise, grated onion and dry mustard. Toss together with remaining ingredients. Serve on lettuce leaves. Garnish with hard boiled eggs if desired.

Recent visitors with Mr. and Mrs. Mervin Bunker were the Tom Bunkers of Timmins; Gary Williams, Pat Bunker and Don Elson of Stouffville.

The new Glass Shop is in the building just past the dentist office and the library

will be past that building. Bob, Carol and Beverley Emerson visited the new

Toronto Zoo recently and Beverley really like the monkey house.

Cont'd. page 13

Coboconk News

by Shiela Lake

On Tuesday evening, Carol Powell was honoured at a miscellaneous bridal shower at Faith Tabernacle. Many of her friends and relatives turned out to shower Carol with many lovely gifts. Carol will become the bride of Larry Greer of Miner's Bay in a few weeks.

On Thursday, Shiela Lake from Buckie, Banffshire, Scotland, arrived at Toronto International Airport. Shiela lived here for some years, and returned home to Scotland some 10 years ago when her husband died at a young age. Shiela will visit for a month, and be here for her daughter Roslyn's wedding on August 9. Roslyn came to Coboconk in March 1979.

Don't forget the Lions Carnival coming up the end of the month. There are still lots of tickets available for the draw. There will be the usual carnival with games and rides for everyone. See you there! The United Church ladies are holding a yard sale today. They held one earlier and

report it a great success. It was nice to greet Peter Barbour and his wife this week while shopping at his father's I.G.A. store. Peter is a pastor at Simcoe and is home on a holiday.

The old-fashioned camping meeting winds up this weekend at Shilo Christian Centre, Fenelon Falls. Crowds have been good and all have enjoyed the ministry of Rev. Gass from Bangor, Maine, U.S.A. and Rev. Don Carment from Surrey, B.C. The grounds are spacious and it's a restful place to spend a holiday.

It won't be long before July is over and the summer is going fast. I trust you are enjoying the beautiful weather.

Vandalism continues to be a problem for the O.P.P. Keep check on your property and report any break-in.

Sorry to hear Pam Hall from the Pattie House has not been well and was in hospital. Get well wishes to you, Pam.

and 27. Get yourself a ticket on the draw for a hind quarter of beef - tickets are on sale at local stores. Also, I hear there are to be several exhibits from the Science Centre in Toronto as well as an excellent line-up of events such as a beef barbecue, a dog show, tennis demonstration, horse-shoe pitching, etc. Plan now to attend.

Sinclair and Mabel Russell have returned from a three-week trip to the Maritimes. They made the trip with their son Colin and his wife and

report having had a nice time. Eric and Shirley Cowen are having their first experience with camping on Boshkung Lake.

Mrs. George Cowen spent the weekend here with relatives.

Sandra and Dave Johnston and two children of Hornespayne, Ontario are holidaying with their grandparents, Maurice and Blanche Windsor, Mr. and Mrs. James Swartz of Oshawa also spent this Sunday visiting with the Windsor's.

A safety tip - "If it's too close to bother to buckle your seatbelt, it's close enough to walk."

Elsie and John Brown of Kirkcaldy, Fife, Scotland and also Bertha and Jack Parker of Scarborough spent four or five days visiting with Joan and Ron Fennell and Jack and Hazel Gregory last week.

Norland Notebook

by Barbara Maunder

At the regular monthly meeting of township council on Wednesday, July 2, all members were in attendance except councillor Dave Graham. Gerald Guinn was present and directed questions to the building inspector, B. Bradmore. John Bryant and Tom Smith, representing Frank Cowan Insurance, reviewed the municipality's insurance coverage and some increases were made. Resolution of the Town of Latchford calling for a review of the system of funding school bus operations was endorsed by council. Councillor Riordon re-

porting on recreation noted that profane language and motorcycles were a problem in Ward Memorial Park. Recommendations for future projects were: 1. fencing the children's playground area and; 2. establishing a fixed parking area. By-law #11-80 to authorize the sale of land was read three times and passed. The building inspector is to be sent to the Municipal Law Enforcement Officers' Association Conference in Sault Ste. Marie in October. There were 11 applications for the position of permanent road employee and John Eason was hired. Mun-

icipality will not do any custom grading. Next council meeting is on Wednesday, August 6.

Norland Firefighters Association members would like to thank everyone who contributed to make their sixth annual horse draw on Saturday, July 5 such a great success. Even the weather cooperated. Over 300 people were on hand to cheer their favourite team of horses, pony or single horse on to victory. First prize in the light class and winner of the trophy donated by Ingram Wessell was Grant Quinn, Cobocok, George McLean of Little Britain was second and Bill Campbell of Ennismore won the best teamster trophy also donated by I. Wessell. In the heavy class, first prize went to Dwight Corbett of Severn Bridge who won the trophy donated by Norland Red and White store, Ingram Wessell was second and third prize winner was Joe McFeeters, Fenelon Falls, who also was chosen as best teamster and won the Norland Discount Gas Trophy.

Elaine Corbett of Severn Bridge had her hands full of ladies class trophies as she won the first prize one donated by N. Graham Plumbing and best teamster trophy given by Butch's Bait. Sherry Wessell, Norland placed second and Jean Batty, third. In the pony class, Glen Parks of Bancroft was the first prize winner of trophy donated by

County Style Donuts, Larry Greer, Norland was second and Jim Chynoweth, Norland third. J. Austin and sons' Best Teamster Trophy in the pony class was awarded to Wyatt Greer, Norland. Teams were there from Bancroft, Stirling, Maynooth, Fenelon Falls, Frankfort, Severn Bridge, Little Britain, Lindsay, Minden, Ennismore, Cobocok, Cannington and Norland. All the ribbons were donated by Batty Farms and Forest Products and other donors were John Ridgway, Ronald Strachan, Riverside Inn, Jesse Buxcey, Jim Taggart, Cameron Heating, Cobocok, and Chris Batty Haulage. And let's not forget Monty Robson who did such a great job as master of ceremonies. Mr. Ernie Cox who was in charge of judging and all of the Norland Firefighters and their wives and helpers who worked so hard before, during and after the activities. Haliburton Legion Pipe Band, The Petting Zoo supplied by J. Taggart of Fenelon Falls, and antique car display were all enjoyed by the spectators. Bill Carmichael, a cottager on Head Lake was the lucky man whose ticket won the \$1,000 bill of the Norland Firefighters' draw and Eric Wittkopp who sold the ticket is also \$100 richer. Child's gate prize was won by Sherry Jewell, Norland and the adult gate prize by person unknown.

Sometime Sunday evening

July 6 or early Monday morning a person or persons broke into Norland Red and White store and stole a large quantity of cigarettes. At the time of this writing no one has as yet been apprehended but hopefully the culprit(s) will be found.

With all of the number changes in this area, it is nice to read that the 1980-81 edition of the Lindsay-Peterborough telephone directory will be available beginning July 23. About 2000 more directories than in 1979 will be delivered this year. Following the white section of the book there is a new separate blue pages section showing alphabetical listings for both provincial and federal government programs and services. The change will make them easier for the public to locate.

While on the subject of the government, I understand that the nearly \$75,000 contract to build the new Norland Post Office has been awarded to Westmount Engineering Construction Ltd. of Peterborough with completion by February 1981. The building will be 89 square metres wood frame covered in aluminum siding and will meet government energy conservation standards. It will be situated on highway 35 across from Norland United Church and it will mean a much longer walk for some of us to pick up our mail daily.

The new location of Norland
Cont'd. page 14

Wilberforce News

by Winnie Schofield

The Monmouth Senior Citizen Club has a new slate of officers for 1980. Newly elected is president, Gilbert Harrison; vice president, Hubert Dunford, second vice president, Alma Noble and third vice president Edith Daniels. The past president is Donald Craig of Tory Hill. Maureen Finlay carries on as correspondent. Irma Dunford is the new secretary while Ann Andrews is the treasurer.

The club welcomes new members and summer visitors and offers interesting entertainment with shuffleboard games on their outdoor courts, rug bowling indoors in the Memorial Hall, card games and plenty of friendly conversation. You can meet some of the members during Country Good Times at their ice cream booth set up in the fire hall where they also provide cool glasses of milk and souvenir hats.

Country Good Times brings three days of great entertainment in which the whole town is involved. Don't miss the bake sale operated by the ladies of the U.C.W. in the Memorial Centre on Saturday, July 19 at 11:00 a.m. There will be no horse drawing event this year. In its place is a splendid show put on by the Rocky Hills Riding Club and known as a Gymkhana. It is a contest of riding skills performed by excellent riders on beautiful riding horses. It takes place on

Saturday at 2:30 p.m. and lasts for about an hour and a half. The show will be held in the horse drawing enclosure. There is no admission fee. The riders will form a colourful part of the parade.

We have had a shy visitor to Wilberforce. As far as we know this is the first time a mourning dove has been seen and heard in these parts. The mourning dove which is common in the States and breeds throughout the western part of Canada and in parts of New Brunswick seldom strays this far north. It is to be hoped that this is a sign that warmer weather is moving our way.

There seems to be no let-up in the terrible fires around Thunder Bay. Many young men from this area have been hastily trained for two weeks and sent to the scene of the disaster. Men from Wilberforce, Gooderham and Irondale are part of the force fighting the blaze for twelve hours a day. In the beginning they worked for eighteen hours at a stretch. They live wherever they can find food and lodgings, some in tents and some who are lucky enough to be billeted in old lumber camps where they have the use of a cook house and water is obtainable. Bart and Wyatt Barnes spent 18 days at this strenuous task; they returned home for a period of one day then it was back again to battle the blaze. Gary Lee and John Barker have been fighting fires for

weeks, one time at St. Ignace and again at Thunder Bay. Just a few miles separate these two danger zones. The burning is severe and heavy rains are needed to bring relief to the devastated area.

An emergency call on Sunday evening took the first aid truck to Harcourt where the annual tournament of baseball was taking place. A player had received a direct hit in the face from a fast thrown ball and was severely injured. He was taken by ambulance to Haliburton.

Last minute news item.

Roberta Walsh has a fine baby girl born on Sunday. Mother and baby resting at the Peterborough hospital. Congratulations to the happy Walsh family. More details at a later date.

Something good has been added to the Country Good Times Sunday entertainment. Don't miss the live entertainment that takes place at the arena from 1:30 to 5 p.m. when the Wilno Express will be on hand for your enjoyment. A special occasion permit has been obtained.

Trent Severn News

From high water conditions two weeks ago with flows on the lower Trent River around 170 cubic meters per second (nearly the limit for safe navigation in that section) the conditions have reversed, so that now only the summer minimum of about 20 cubic meters per second is running. Despite heavy thunderstorm activity with rain on Tuesday,

July 8 the drying trend has really taken hold the past few days to today, July 11. Reservoir storage averaged 95.8 percent on July 7 and will probably average about 90 - 92 percent by Monday, July 14. Some lakes of course will be higher, some lower than this. Gull River and Burnt River flows remain

Cont'd. page 14

Irene

from page 12
keys.

Don't forget to check for Encyclopedia Britannica Volume 15. If you find it drop it in the book drop at Minden library. No questions and no fine. They just want it back.

Mr. and Mrs. Glen Vasey of Winchester are on holiday at their cottage.

Kinmount

from page 11

Mrs. Walker and Margaret Kylie were sitting having a lunch with Ruby Schell at her home in Kinmount when they heard a loud bang. Upon going outside they found a car had come down the bank and was lucky not to have gone into the house. The three occupants were unhurt but please, boys, do wait for an invitation to lunch. That is no way to crash a party!

Happy anniversary to Bill and Alice Pearson this past week.

Ambrose and Clara Watson visited with daughter Charlene Fountain in Oshawa. Later, the three went to Toronto to attend the 50th wedding anniversary party of Kinmount neighbours Norm and Bertha Bamford which was held at the home of Mrs. Myrna Armstrong, daughter to Norm and Bertha. Congratulations to you.

Stephen Fountain is visiting for the summer at the home of his grandparents, Clara and Ambrose Watson on Howland Junction Rd., Kinmount.

Wayne Karen of Detroit, nephew to Bill Menard is vacationing in Kinmount and recently caught a couple of very nice "muskies", in the 32" range, not to mention the pickerel and right in our own Burnt River.

Ruth Menard and Vi Cooke are leaving Monday morning to motor by day, to Thunder Bay and hope to return in about three weeks. Happy holiday girls!

Keep well and have a nice day.

SALE BY TENDER

By virtue of Power of Sale under mortgage, the Vendor offers by sealed Tender, the property located on Highway #519 in the Hamlet of Fort Irwin (described as part of Lot #11, Concession #6, Township of Harburn, County of Haliburton and building located thereon).

The property located in Fort Irwin comprises of land (approximately 60 feet wide by 325 feet deep) and a 42-foot wood frame building. The building rests on a poured concrete foundation and the roof is of tar and gravel construction. There is a 23 foot X 7 foot, 6 inch showroom, a 23 foot, 2 inch X 17 feet, 7 inch manufacturing area, a 15 foot, four inch X 17 foot, 8 inch paint room and the remainder contains the utility rooms and washroom.

Arrangements to inspect the realty may be made by contacting Mr. G. S. Stewart, in Peterborough, Ontario, telephone (705) 748-3241.

Written Tenders addressed to Mr. G. S. Stewart, P.O. Box 1419, Peterborough, Ontario, K9J 7H6 will be received until 4:30 p.m. on July 25th, 1980. A certified cheque for 10% of the amount tendered must be included as a deposit (payee to be designated), and will be returned without interest if the Tender is not accepted or forfeited as liquidated damages if the tender is accepted and the sale not completed by the purchaser. The highest or any offer shall not necessarily be accepted, and financing will be considered, if required.

Sale by Tender

By virtue of Power of Sale the mortgagee offers for sale by sealed tender the following asset:

LAND: The property is located on a Township road locally known as Sir Sam's Inn Road and the year round roadway access is by virtue of roads dedicated as public highways on registered Plan of Subdivision Number 547 for the Township of Guilford, in the Provisional County of Haliburton.

The land is zoned for seasonal residential uses and is known as Lot 9, Plan 547, Township of Guilford, in the Provisional County of Haliburton, having lot dimensions of approximately 296 feet frontage and 300 feet depth approximately.

There is located on the property a 832 square foot, log constructed cottage being 26 feet by 32 feet.

Tenders must record price offered and must be for all the above referred to assets. All tenders must be accompanied by a certified cheque for a minimum of \$500.00, payee to be advised, which cheque will be returned if the offer is not accepted. If accepted, the deposit will be forfeited as liquidated damages if the sale is not completed by the tenderer. The highest or any other tender will not necessarily be accepted. The balance of the purchase price is due and payable on closing by cash or certified cheque.

Tenders will be received until 1:00 p.m. July 23, 1980. For further information or for an inspection of the above referred to assets, contact Mr. Lloyd Weldon, R.R. #1, UXBRIDGE, Ontario, L0C 1K0, Phone 705-457-2248 or 416-852-6733.

If you think fitness is a distant goal,
consider this: Why not take a walk and find out.

FOR SALE BY TENDER

Townships of Anson, Hindon & Minden

Sealed tenders clearly marked as to contents will be received by the undersigned until 4:00 p.m. Tuesday, August 11th, 1980 for the following properties:

BLOCK A, REGISTERED PLAN 559 — 2 Acres

BLOCK A & LOT 22 REGISTERED PLAN 454 — 2.299 Acres

BLOCK A, REGISTERED PLAN 542 — 125' x 278'

BLOCK B, REGISTERED PLAN 550 — .303 Acres

Highest or any tender not necessarily accepted.

The Expropriations Act NOTICE OF APPLICATION FOR APPROVAL TO EXPROPRIATE LAND

IN THE MATTER OF an application by the Corporation of the Provisional County of Haliburton for approval to expropriate land being part of Lot 22, Concession V, in the Township of Harcourt in the Provisional County of Haliburton for the purpose of the reconstruction of the Elephant Lake Road (County Road #10).

NOTICE IS HEREBY GIVEN that application has been made for approval to expropriate the land described as follows: Part 3 on Registered Plan 19R-346.

Any owner of lands in respect of which notice is given who desires an inquiry into whether the taking of such land is fair, sound and reasonably necessary in the achievement of the objectives of the expropriating authority shall so notify the approving authority in writing.

(a) in the case of a registered owner, served personally or by registered mail within thirty days after he is served with the notice, or, when he is served by publication, within thirty days after the first publication of the notice;

(b) in the case of an owner who is not a registered owner, within thirty days after the first publication of the notice.

The approving authority is The Corporation of the Provisional County of Haliburton, Box 399, Minden, Ontario.

THE CORPORATION OF THE PROVISIONAL COUNTY OF HALIBURTON
W.E. Obee, County Engineer

NOTES

1. The Expropriation Act provides that,

(a) where an inquiry is requested, it shall be conducted by an inquiry officer appointed by the Minister of Justice and Attorney General;

(b) the inquiry officer,

(i) shall give every party to the inquiry an opportunity to present evidence and argument and to examine and cross-examine witnesses, either personally or by his counsel or agent, and

(ii) may recommend to the approving authority that a party to the inquiry be paid a fixed amount for his costs of the inquiry not to exceed \$200 and the approving authority may in its discretion order the expropriating authority to pay such costs forthwith.

2. 'owner' and 'registered owner' are defined in the Act as follows:

'owner' includes a mortgagee, tenant, execution creditor, a person entitled to a limited estate or interest in land, a committee of the estate of a mentally incompetent person or of a person incapable of managing his affairs, and a guardian executor, administrator or trustee in whom land is vested;

'registered owner' means an owner of land whose interest in the land is defined and whose name is specified in an instrument in the proper registry, land titles or sheriff's office, and includes a person shown as a tenant of land on the last revised assessment roll;

3. The expropriating authority, each owner who notifies the approving authority that he desires a hearing in respect of the lands intended to be expropriated and any owner added as a party by the inquiry officer are parties to the inquiry.

This notice first published on the 2nd day of July, 1980.

THE
MUNICIPALITY
OF
DYSART ET AL

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO STOP UP, CLOSE AND CONVEY A PORTION OF PART OF THE ORIGINAL 66 FOOT ROAD ALLOWANCE AS SHOWN ON PLAN OF SUBDIVISION NUMBER 362 IN THE TOWNSHIP OF HARBURN, IN THE PROVISIONAL COUNTY OF HALIBURTON.

NOTICE IS HEREBY GIVEN, pursuant to Chap. 284, Sec. 443 of the Municipal Act as amended, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on Monday, August 11, 1980, a By-law to Close, Stop up and Convey the following:

ALL AND SINGULAR that certain parcel or tract of land, and premises, situate, lying and being in the Township of Harburn, in the Provisional County of Haliburton, being composed of Part of the 66 foot road allowance, Registered Plan 362, in the said Township, and which said parcel or tract of land is more particularly described as follows:

PREMISING that the bearings herein are astronomic, derived from the North Westerly limit of the said Lot 43, Registered Plan 362, and having a bearing of North 46 degrees 16 minutes East.

COMMENCING at an iron bar at the North Easterly angle of Lot 43, of the said Registered Plan 362; THENCE North 43 degrees 44 minutes West, 66.0 feet to a point in the North Westerly limit of the said 66 foot road allowance;

THENCE South Westerly along the aforesaid North Westerly limit on a course of South 46 degrees 16 minutes West, 100.0 feet;

THENCE South 43 degrees 44 minutes East, 66.0 feet to an iron bar in the South Easterly limit of the said 66 foot road allowance;

THENCE North Easterly along the aforesaid South Easterly limit on a course of North 46 degrees 16 minutes East, 100.0 feet to the Point of Commencement.

WHICH SAID parcel or tract of land may be further illustrated, shown outlined in red on a Plan of Survey by Paul Wilson, O.L.S., dated May 22, 1980 and which Plan of Survey is available for inspection at the Municipality of Dysart et al Office, Haliburton, Ontario.

AND TAKE FURTHER NOTICE that before passing the said By-law and its meeting to be held at the time and place above mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person or by his Counsel, Solicitor or Agent, any person who claims that his land will be affected by the said By-law and who applies to be heard.

DATED AT HALIBURTON, ONTARIO this 26th day of June, 1980.

Stanhope Notes

by Alex Stevenson

Rumours circulating during the past week re the fire department, were quickly disposed of and proved to be worthless as the result of an open discussion of the matter before township council on Wednesday, July 9. As a result of a remark made at a recent cottagers meeting to the effect that response to a fire alarm could be as low as only three firemen turning out, the reeve received some complaints and immediately asked for attendance reports at the past 15 fire calls. These indicated attendance to range from six to 15 at a fire with others on stand-by if required. With the fire chief, and also the chairman of the fire committee, councilman Elvin Johnson present, council entered into a discussion of the matter and the fire chief emphatically declared that he was satisfied with the response of the members of the department as well as with their training results. When asked for his comment on the rumours, Councilman Johnson stated that five men could handle most fires (on first response) and that in his opinion there was always an adequate turnout to an alarm. Councilman Davis who was also present at the association meeting was non-plussed at the statement re: three men turning out to a fire call. He pointed out that at the recent chimney fire at his residence, involving two calls, there were eight men in response to the first call and seven at the return call and this was besides those remaining at the hall on stand-by call. The figures indicate average attendance at the various fires at better than nine men, with the evening and weekend figure being in the area of 15 men. Since most of the men are working or looking after business the difference in response to day or night calls is understandable. In any event it was agreed that the lower response figure was six, with the fire chief advising others to remain on stand-by should they be needed. It is not acceptable for demeaning remarks or rumours to be circulated about the efforts of those men whose service to

the community is so important. Whatever the motives of those who delight in this kind of mistatement, the reeve is

to be commended in bringing the subject out in the open and putting the rumours where they belong - in the

Dorset News

by Phyllis Briscoe

"To err is human but to really foul things up requires a computer."

The event of the season is coming up on July 26 when the Dorset Senior club are holding their bazaar. The doors will be open to the public at 11 a.m. and there will be barbequed hamburgers and hot dogs as well as cold drinks available. There will be home baking, treasure table, books, sewing and crafts, country store, new to you clothing and local crafts people, Joyce and Leon McKee will have a display of their pottery. There is also a raffle on a hand-hooked rug plus \$25 and \$10 prizes. The rug is on display at the Pine Emporium across from Robinson's store where tickets are available as they are at other business places in the village. Tickets will also be available at the bazaar until the tickets are drawn. This is all taking place at the Dorset Community Centre, July 26 at 11 a.m.

The sympathy of the community is extended to the family and friends of Mrs. Norma Young of Huntsville who passed away recently following an automobile accident. Her husband Percy was injured in the same accident. He has our best wishes for a complete recovery. Judy Lock, daughter of Art and Dot of Dorset, is married to their son George and lives in Ottawa.

We are sorry that we weren't informed in time that the Theatre North production The Spirit of Muskoka, was to be put on in Dorset so that it could have been publicized. The consequence was a poor attendance, although we understand that it was an excellent performance. We hope that this company will not be discouraged at the poor turnout and will return next year but will let us know ahead of time.

of Niagara Falls. His wife Mildred is an organist and played for the service as well as accompanying Mrs. Muriel Martin Fenwick in her beautiful rendition of two solos. During the rest of the month organists will be Dr. Ray Pellow and his son John.

A few of our local fire fighters are home for a short respite after spending several weeks in the northern part of the province fighting the numerous and wide-spread forest fires. Apparently more fires have been started by lightning storms and there seems no relief in sight, so we are again praying for rain for that area.

Trent

from page 13
about minima, because the need to retain maximum levels on the Haliburton area lakes is diminished as we approach mid-July.

Many fluctuations of levels have occurred throughout the system recently as the contradictions of weather and desired present and future uses required many flow changes by Trent-Severn personnel.

Lake Simcoe-Couchiching remains a few centimeters above the long-term average with Severn River flows above minima due mainly to appreciable flows from the Black River. In dry summers it contributes very little to the Severn flow.

Waterway Visitation
May and June had their fair share of grey chilly days - but this hasn't deterred visitation to Ontario's major waterway. Use is up over last year in all sections of the waterway. Some representative locks are:

	1979	1980
Hastings	393	399
Burleigh Falls	1248	1409
Buckhorn	1539	2500
Bobcaygeon	2007	2087

Traffic appears to be up slightly over last year to the end of June.

The Knox United Church service in Dorset is now being held at 11:30 a.m. on Sundays. On Sunday, 6, they had a guest minister, Lois Sage's brother, Rev. Fred Vaughan

Harcourt Chapel Happenings

by Ken Sanderson

A few days ago I overheard a conversation between two children relating a riddle concerning a quarter and a penny. The quarter had indicated how much better he was than his friend the penny. The penny replied that this was not so as he went to church many times more often than his friend the quarter.

This light-hearted account should reflect on our minds that Christian work around

the world is faced with the same inflationary situations as exist in our own day by day commerce. The penny no longer meets the needs of a starving spiritual world. It is, however, in many church circles, encouraging to know that Christians are becoming more aware of the needs and more aware that even the government permits a sum greater than our tithe as tax deductible. The scripture says God loves a cheerful giver.

Sunday was a day of

rejoicing both in excellent weather and in spirit-filled services.

Friends visiting the Chapel Communion Service may find the order of service just a little different from what you are accustomed to. All are invited to be a part of this important service.

Sunday School is always an exciting time, especially in the summer months as visiting families attend. Sunday some 20 adults entered into a session of bible searching and learning as the children and

teenagers gathered in six classes in their individual classrooms.

The evening message brought by Brother Doug Robinson was again a word of challenge and encouragement. His text was taken from Psalm 1 and summed up in the words - How can we neglect so great a salvation.

Graphite Day Camp starts Monday morning, and continues to Friday of the week and next. A special call goes out to all children who have

Harcourt Chapel

from page 14

attended one year in grade school. The bus leaves Tory Hill at 9 a.m. arriving at Wilberforce, Harcourt and Highland Grove, then proceeding to Graphite Bible Camp near Maynooth. Children will take a bathing suit, lunch and tuck money. A safe and well-organized programme is held. The children are cared for by counsellors and bused home later in the afternoon. The day camp is

made available to all children and offers a time of recreation; swimming and bible stories without interfering with a family's individual church affiliation. There is no charge. This week, Wednesday, 8:00 p.m. - Bible studies; Sunday 2:30, Sunday School and evening service 7:30 - with Mr. Patrick Long bringing the message. Patrick has been with Emmaus Bible College and comes to us with a wealth of spiritual truth.

The Family Gone Wild

The Epidemic of shattered families in our country is devastating not only to parents and children, but society itself. The broken family threatens the foundation of our country. This new documentary film portrays the power of Jesus Christ to heal the tragic victims of such families. Film to be shown at Lakeside Baptist Church, Haliburton, Sunday, July 20th 8:30 p.m. All Welcome 23-B-16

25 NOTICES

At night, the silver stars shine down On a grave not far from here Where sleeps the one we can't forget And always loved so dear. As angels keep watch up there Please, God, just let him know That we down here do not forget We love and miss him so.

27 THANK YOU

May I take this opportunity to convey my heartfelt thanks on behalf of my family and myself to relatives, friends and neighbours for all the kind expressions of sympathy and help in the loss of my dear husband, R. Kenneth Jackson. Thankyou for prayers, flowers, cards and donations to the Canadian Bible Society, Gideons, and Red Cross auxiliary. Special thanks to Gordon Monk, doctors and nurses of Haliburton and Lakeside Baptist Church for their many courtesies. Edith Jackson 27-P-16

32 IN MEMORIAM

BURK - In loving memory of a dear wife and mother, Elizabeth, who passed away July 24, 1979.

Your presence is ever near us. Your love remains with us yet. You were the kind of mother, Your loved ones would never forget.

Ever remembered by Cecil and family. 32-P-16

GARTSHORE - In loving memory of a dear uncle, Don, who passed away July 20, 1978.

Our hearts still ache with sorrow And silent tears will flow. For what it meant to lose you No one will ever know. We think of you in silence And ever speak your name. But all we have are memories And your picture in a frame.

Sadly missed by Jason, Chris, Gary and Sean. 32-P-16

32 IN MEMORIAM

GARTSHORE - In loving memory of a dear son and brother, Don, who passed away July 20, 1978.

At night, the silver stars shine down On a grave not far from here Where sleeps the one we can't forget And always loved so dear. As angels keep watch up there Please, God, just let him know That we down here do not forget We love and miss him so.

32 IN MEMORIAM

Sadly and deeply missed by Mom and Dad, Verne and Marlin, Craig and Margaret, Gary and Pat. 32-P-16

32 IN MEMORIAM

MISCIO - In loving memory of a dear father, Petrol Ramond, who passed away one year ago on July 20, 1979.

32 IN MEMORIAM

Quickly and quietly came the call His sudden death surprised us all. His golden heart stopped beating Two working hands at rest, God broke our hearts to prove to us He always takes the best. No one knows the grief we share When we all meet and Dad's not there. What we would give if we could say Hello Dad, in the same old way. To hear your voice and see your smile To sit with you and chat awhile. So you who have a father, Cherish him with care, For you will never know The heartache until you see his empty chair.

32 IN MEMORIAM

Sadly missed and always remembered by Levern, Marion, Chris and Tracy. 32-P-16

32 IN MEMORIAM

PERRY - In memory of our beloved brother, Bud, July 19 - 1977.

32 IN MEMORIAM

It only takes a little space To tell how much we miss you, But it will take the rest of our lives To forget the day we lost you.

32 IN MEMORIAM

Lovingly remembered by sisters, Marguerite, Kathleen, Evelyn, Joan and their husbands. 32-P-16
